

## The Deloitte Foundation statement

Deloitte is led by a purpose: *to make an impact that matters*. This purpose defines who we are. Through the Deloitte Foundation, we are bringing our purpose to life.

“Making an impact that matters.”

### The Deloitte Purpose

#### WorldClass

##### 50 million futures prepared for a world of opportunity

Deloitte is committed to empowering people to succeed in a rapidly changing global economy.

At Deloitte, we are inspired by the promise of the Fourth Industrial Revolution. Its acceleration of technology and digitisation across all aspects of life present incredible opportunity.

Globally, millions have been left behind, unable to fulfil their aspirations and potential. They lack the education, skills, and training needed. This is causing widening inequality, declining productivity, and rising social tensions.

Through WorldClass, we are applying our core skills, experience, and global reach to empower more people through education, skills development, and access to opportunity.

We are committing our most-valued asset—286,000 professionals

around the globe—to creating opportunities for those left behind.

By leveraging our knowledge, expertise, resources and by collaborating with strategic partners, the aims of the Deloitte Foundation are to make an impact that matters through initiatives that promote education, sustainable use of natural resources and environment, culture and societal impact. The Deloitte Foundation is the cornerstone of our commitment to our community in Malta.

Founded in 2019, the Deloitte Foundation, is a non-profit voluntary organisation which supports initiatives under four pillars:

- Quality education
- Environmental sustainability
- Cultural heritage
- Societal impact

## The four pillars

### Quality education

Education is a key investment for the future; it contributes to economic growth, social value and individual fulfilment. The Deloitte Foundation supports organisations and initiatives whose purpose is in educating and inspiring others. Furthermore, it supports and promotes initiatives integral to WorldClass, a social impact initiative created as part of our firm's global corporate responsibility (CR) strategy whose aim is to align local CR activities around one global mission: preparing 50 million futures by 2030.

### Environmental sustainability

As a leading professional services firm, we have a significant responsibility to care for the planet. Whilst exemplifying our obligations through internal sustainability initiatives and environmental impact reduction goals at Deloitte Malta, the

Deloitte Foundation commits to promoting environmental sustainability across all our spheres of influence.

### Cultural heritage

Culture and its heritage reflect and shape values, beliefs, and aspirations, thereby defining a people's national identity. It is important to preserve our cultural heritage, because it keeps our integrity as a people and gives places their character and individuality. It creates a focus for community pride, a sense of shared history, and a sense of belonging. Maltese folklore, traditions and language, artisans, artists and scholars, historical sites, monuments, buildings and public spaces in villages, towns and cities, provide a focus for social and economic activity and a vibrant cultural identity. The Deloitte Foundation supports organisations and initiatives whose purpose is to safeguard and enhance the value of culture and heritage.

### Societal impact

Events and situations sometimes occur that affect the normal course of life, leading to poverty, illness, social injustice or emergencies. Such critical situations deserve attention, to which the Deloitte Foundation shall not be indifferent; by committing toward promoting the empowerment of human value, advocating healthier lifestyles, supporting animal welfare and organisations and initiatives.

## Pro-Bono

Deloitte has always put the talent of their people to good use, knowing that their knowledge and skills can make a difference. We believe that we can make an impact on society, and the clients we support, by using our core skills and expertise. The Deloitte Foundation is committed to providing assistance through pro-bono activities and encourages its practitioners to promote and support projects that they feel passionate about.

## The United Nations Sustainable Development Goals

Through the Deloitte purpose, we are committed to helping to advancing solutions to global challenges. Underpinning the Deloitte Foundation statement is a firm commitment to The United Nations Sustainable Development Goals (SDG). Launched in 2015, the SDGs encompass 17 bold goals to strengthen People, Planet, Prosperity, Peace and Partnership by 2030.

Meeting such a deadline requires innovative collaborative solutions. Yet solving challenging problems is at the heart of what Deloitte professionals do every day. Around the world, Deloitte practitioners are identifying and nurturing innovative solutions and insights for social good, and making an impact that matters in society.
