

Announcement from the Ministry of Economy regarding RNIE obligations

As you may know, Mexican entities with foreign investment in their capital stock previously registered before the Mexican Foreign Investment Registry of the Ministry of Economy must present their Quarterly Notice as well as their Annual Economics Report, which contains the economic, financial and accounting information of the company.

To do this, the filing of the Quarterly Notice must be turned during the next 10 days of the end of the first quarter which is from January 1 to March 31, while the Annual Economics Report must be done in accordance to the calendar that depends of the first letter of the business name:

Annual economics report	
First letter	Presentation date
De la A a la J	During April
De la K a la Z	During May

* In case any of the mentioned months end in a non-business day, the date will be postponed for the next business day. If the name of the business starts with a number or any other character it should be reported during may.

Notwithstanding the above, due to the contingency we're living during these moments, on March 26th of the present year, it was published on the Official Gazette of the Federation the agreement of the

Ministry of Economy that publishes the measures that the Ministry and the Mexican Foreign Investment Registry will be effective from the day of its publication and valid until April 19th of the present year.

Among those resolutions, the Ministry of Economy suspends all processing terms due to events of for majeure.

However, it was decided that the deadlines and applicable legal terms in accordance to the Mexican Foreign Investment Law for the companies obligated to file the Quarterly Notice, as well as the Annual Economics Report to the Mexican Foreign Investment Registry, this will run normally and it will only be operating through the digital platform www.rnie.economia.gob.mx for filing the
