### Individual Category - Semi-finals

#### Video Presentation Challenge

##### Question

Many economists around the world have predicted that recession will hit the global economy in the year of 2020. Inevitably, it would bring detrimental impacts to Malaysia, being the third largest economy in Southeast Asia.

As such, it is necessary for the government to come up with contingency measures to cushion the adverse impact from the anticipated economic downturn in the upcoming Budget 2020 that is scheduled to be tabled in parliament on 11 October 2019.

##### **Required**

You are required to record a video of not more than 5 minutes to the Ministry of Finance on your proposal(s) for Budget 2020 to cushion the adverse impacts arising from the foreseeable economic crisis. Your suggestions may include both tax and non-tax measure(s).

***Note : Subtitles are not required for the video submission. However, kindly ensure the video audio is loud and clear so that judges are able to hear your justification clearly.***
