

Deloitte CSG Leaders' Meeting a success

KUALA LUMPUR: Deloitte South-East Asia Chinese Services Group (CSG) Group (Deloitte CSG) has successfully hosted its fourth CSG Leaders' Meeting which was held on Jan 9-10, 2017.

In a statement yesterday, Deloitte CSG said, the focus of this year's meeting was to foster better cooperation and facilitation of Chinese investments in Association of South-East Asian Nations (ASEAN).

"It also discussed how Deloitte can proactively play in reaching out to the Chinese investors to South-East Asian (SEA) countries and how they can provide strategic investment and business guidance for local businesses," it said.

Deloitte CSG said the meeting included bilingual Deloitte professionals with vast experience to advise and assist companies that engage in cross-border investments and businesses with China.

According to a recent Deloitte survey, SEA was the most popular investment destination for Chinese companies due to its geographic advantage and rich natural resources, among others.

Deloitte South-East Asia CSG Leader, Dr Ernest Kan, said Malaysia provided the right window for investments in SEA for Chinese investors, considering its longstanding connection with China from economic and social aspects.

"The country is set to play an important role in China's One Belt, One Road initiative," he said.
