# A look at COVID-19 tax relief measures and potential income tax audits

As COVID-19 lockdowns slow down economic growth along with concerns on fiscal spending and the need to balance the Budget, governments may start to initiate tax audits in their attempts to raise tax revenues to weather the pandemic recession.

How are cases generally picked up for tax audits? What are the pitfalls to avoid? What are the strategies to navigate a tax audit? What are the available amnesty programs?

We answer all these questions and more in our upcoming webcast. Hosted by Deloitte APAC, speakers will discuss existing COVID-19 tax relief measures and the tax audits/inquiry process.
