Deloitte Impact Foundation

Deloitte’s global purpose is to ‘make an impact that matters’. Through the Deloitte Impact Foundation, Deloitte NL is committed to bring a positive impact to society. We believe that we can make the most difference by sharing our core competences, knowledge and network in societal initiatives to make an impact in the fields of education & employment, sustainability and endurability. Together, our people and partners connect to accelerate our impact on society.

A two-way approach

Employee-led initiatives
Every Deloitte NL colleague is encouraged to get involved in causes that are close to their hearts. They can spend a percentage of their working hours to start or join initiatives that create societal impact.

Maximise impact through collaboration
Through eco-systems we make a more significant, visible and enduring impact by collaborating with external partners.
