

Global Tax Compliance Income tax responsibilities

Global trends and developments are more and more impacting your organization. New markets emerge and your work force is reflecting this. The business environment sets higher demands for efficiencies, transparency and compliance. Tax authorities around the world are looking for ways to increase their revenue. With our Global Tax Compliance methodology you can face these challenges.

Your challenge

Allowing your employees to be active in today's global markets, requires you and your organization to consider your tax responsibilities. How to ensure full employer and employee compliance at minimum cost and disruption is one of the key questions you are dealing with on a regular basis. You will need to address questions like:

- How do I ensure compliance in an increasingly complex legislative environment?
- How do I identify and implement tax savings opportunities available in the different countries where my organization operates?
- How do I obtain and share the information

necessary to file income tax returns on time and across the globe?

- How do I minimize the administrative burden for my organization and cross-border employees?
- How can I report to different stakeholders in my organization, such as Tax, HR and Compensation & Benefits?

Our solution

Deloitte Global Tax Compliance offers a combination of tax compliance, cost savings and full transparency through one global model, the 'As One' Global Service Delivery Model. A model that is based on global best practices all over the world with full compliance and value add.

Our approach

Our 'As One' Global Service Delivery Model offers services that are built around quality, service and innovation. The model is consistent and designed specifically to be as effective and efficient as possible for your employees. It allows for a global coordination of our services, with benefits such as a seamless transition and regular updates to discuss status, risk management and tax savings opportunities. Of course, our technology allows you to keep track of Deloitte's service delivery on a real time basis, ensuring maximum transparency for all stakeholders, including your employees.

Why Deloitte

Ensuring timely and correct filing of tax returns in multiple jurisdictions requires specialist knowledge. Our people have extensive experience with tax and social security issues coming up around cross-border employment of your staff. We aim to help you focus on what is really important. We would be pleased to meet with you and discuss how Deloitte can help you managing the tax part of your global workforce.
