## 1. Introduction

Rod Pardington and Barry Jordan of Deloitte were appointed receivers and managers of all the assets, property and undertakings of Dominion Finance Group Limited (“Dominion” or the “Company”) on 9 September 2008 by Perpetual Trust Limited (“the Trustee”) pursuant to a Trust Deed dated 14 May 1993 and amended 17 April 1997. The appointment was made under the powers contained in the Trust Deed.

On 15 May 2009, William Black and Andrew Grenfell of McGrath Nicols Partners (NZ) Limited were appointed liquidators of Dominion.

We set out below our report on the state of the Company affairs as at 9 March 2010 in accordance with section 24 of the Receivership Act 1993. This report should be read in conjunction with the receivers’ previous reports. A statement of receipts and payments is attached at Section 4.

## 2. Receivership Details

### 2.1 Events Leading up to the Appointment of Receivers

As a finance company, Dominion offered securities to the general public secured by debenture stock. Under New Zealand securities legislation, Dominion (the Issuer) was required to appoint a trustee to act on the behalf of all debenture holders. Perpetual Trust Limited is the trustee for Dominion.

The Trustee’s role was to ensure that Dominion was operating in accordance with the terms of the offer in the investment statements, the prospectus, and the Trust Deed.

On 17 June 2008, Dominion suspended repayments of principal and interest to debenture holders and advised that it would be exploring options in respect of its repayment obligations to debenture holders. Dominion’s decision to suspend repayment of debenture stock as it fell due on maturity was a breach of the Trust Deed.

In the 12 week period following the suspension of repayments, Dominion’s initial focus was to try to achieve a plan for recapitalising the Company to enable it to continue trading. It then focussed on trying to develop a proposal for a moratorium while it wound down the loan book.

After a thorough review of Dominion’s position and proposal, the Trustee concluded that receivership was more appropriate for Dominion’s debenture holders.

Rod Pardington and Barry Jordan of Deloitte were appointed receivers and managers of Dominion on 9 September 2008.

## 2.2 Disposal of Property

Since appointment the receivers have been managing and realising the loan book of Dominion. Property securities have been realised where these realisations represent best value to investors. As part of this we have reviewed and approved proposals for security release of over 295 property titles, 195 of which resulted in settlements with the remaining settlements (mainly development presales) defaulting. The total loan and security realisations were \$197.2m. Approximately \$161.9m was repaid to first mortgagees. Further settlement funds of \$7.9m were applied to reducing debt owed to an unrelated finance company under the terms of Dominion's security sharing agreement supporting borrowings from that company.

In conjunction with input from property experts, the receivers continue to develop recovery strategies for loans on an individual basis having regard for any relevant issues or constraints.

Given the confidential nature of Dominion's loan book, the receivers believe releasing specific details of loans and collections to date or other commercially sensitive information would materially prejudice the exercise of their functions and potentially the outcome for secured debenture holders. Accordingly, under Section 23(3) of the Receiverships Act 1993 the receivers omit specific details in this section.

## 2.3 Amounts Owing to Appointer (on behalf of secured debenture holders)

Dominion has 7,468 investments held by 5,937 debenture holders with approximately \$176.9m invested in secured debentures ("Debenture Stock"). All Debenture Stock is secured under a Trust Deed between Dominion and Perpetual Trust Limited dated 14 May 1993, as amended on 17 April 1997.

## 2.4 Amounts Owing to Other Secured Creditors

Dominion had arranged committed credit facilities with their bankers, Bank of Scotland International Pty Ltd ("BOS") and ASB Bank Limited ("ASB"), totalling \$55.1m secured by Stock Security Certificates which rank equally with Debenture Stock. The receivers' first report dated 9 November 2008 summarises all other security interests registered on the Personal Property Securities Register.

## **2.5 Amounts Owing to Preferential Creditors**

Dominion's preferential creditors are its employees whose claims relate to salaries and accrued holiday entitlements. The amount owing at the date of appointment was approximately \$59,000.

The full entitlements have been distributed.

## **2.6 Amounts likely to be available to secured and other creditors**

Soon after our appointment we estimated returns of between 10 cents and 25 cents in the dollar to debenture holders with part of this being subject to realising recoveries from potential claims against directors and a favourable outcome for Dominion from a Court application regarding proceeds of realisations claimed by North South Finance under a security sharing agreement. Our previous report noted that this estimate resulted from a comprehensive review of security priorities combined with extensive independent formal valuation of loan securities by valuers experienced in each asset type and location. In some cases these were cross checked against real estate agent appraisals. We have reviewed the estimated return as at the date of this report and at this point we believe that it remains relevant.

Realisation of the loan book is a substantial and complex exercise. Section 2.2 covers this in more detail. A distribution of \$4.5m was made to debenture holders in the last six months. The receivers hope to make a further distribution of a similar amount in May 2010 subject to satisfactorily resolving a priority matter. Total distributions to date are \$10.3m.

We do not expect there to be any funds available for payment to Dominion's unsecured creditors.

## 3. State of Affairs

### 3.1 Assets Comprising the Property in Receivership

The assets of Dominion principally comprise its loan receivables. The equipment usual for finance company operations (such as leasehold improvements, office equipment, fixtures and fittings) does not represent a significant proportion of total assets.

### 3.2 Summary of Debts and Liabilities

| <b>Particulars of debts and liabilities</b>      | <b>NZ \$'000s</b>       |

|  | <u>565</u>              |
| <b>Principal Balances as at 9 September 2008</b> | <u><b>\$226,583</b></u> |

Notes:

- The 'secured creditors' shown above exclude significant potential claims by 3 separate parties relative to claims under agreements for security sharing in relation to certain Company assets. The legal effect of those agreements as to whether they constitute security interests and the priorities of such claims as a matter of law is to be determined and may be the subject of applications for Court directions. The agreements contain confidentiality clauses preventing disclosure of terms.

We reviewed and finalised each debenture holders' principal balances in order to make the distributions in May and December 2009. Under the Trust deed, the principal balances are defined as the debenture holders balance (inclusive of unpaid interest due) at the last date that they were entitled to receive interest before the Company went into receivership.

2. Approximately \$59,000 has been distributed to preferential creditors since appointment. Unsecured creditors were notified of the receivership at appointment and were provided Confirmation of Debt forms to complete.

### **3.3 Encumbrances over the Property in Receivership**

Particulars of encumbrances over the property in receivership are registered on the Personal Property Securities Register (PPSR). The receivers' first report dated 9 November 2008 included details of interests registered on the PPSR.

### **3.4 Any Default by the Grantor in Making Information Available**

We requested a Statement of Affairs from the Company's directors on 10 September 2008. This had not been provided at the time of finalising this report.
