## 1. Introduction

Brett Chambers and Paul Munro of Deloitte were appointed Receivers and Managers (“Receivers”) of all the assets, property and undertakings of Finance and Leasing Limited (“Finance and Leasing” or the “company”) on 18 January 2011 by Perpetual Trust Limited (“the Trustee”) pursuant to a Trust Deed dated 20 October 1986 (as amended) (the “Trust Deed”). The appointment was made under the powers contained in the Trust Deed.

We set out below our report on the state of the company affairs as at 28 February 2015 in accordance with Section 24 of the Receivership Act 1993. This is the ninth report provided by the Receivers.

This report should be read in conjunction with the Receivers’ previous reports. A statement of receipts and payments for the period is attached in Section 6.

## 2. Receivership Matters

### 2.1. Events Leading Up to the Appointment of Receivers

Perpetual Trust Limited was the Trustee for the secured debenture stock (and deposits) issued by Finance and Leasing.

New Reserve Bank regulations for finance companies came into force on 1 December 2010 with respect to capital ratio requirements. Finance and Leasing was unable to meet the required covenants on a consistent basis within the required timeframe.

Without a registered prospectus, the company was unable to trade as a finance company and therefore the Directors requested the Trustee to place the company in receivership.

As at the date of receivership, the assets of Finance and Leasing included gross loan receivables of \$15.9 million less the Directors' impairment provision for specific loans of \$1.15 million.

Based on the accounting records of the company, the loan book as at 31 December 2010 comprised the following:

LOAN RECEIVABLES – AS AT 31 DECEMBER 2010 (\$000's)				
Loan Type	No	Gross Loan Receivable	Impairment Provision	Net Loan Receivable
Commercial	45	\$1,196	\$0	\$1,196
Consumer	16	\$302	\$0	\$302
Hotel Holdings	13	\$7,078	\$0	\$7,078
Land Holdings	1	\$1,450	\$0	\$1,450
Property Development	4	\$5,842	\$1,150	\$4,692
<b>Total</b>	<b>79</b>	<b>\$15,868</b>	<b>\$1,150</b>	<b>\$14,718</b>

### 2.2. Appointment of Liquidator

On 27 November 2012 the Official Assignee was appointed as the Liquidator of Finance and Leasing Limited (In Receivership and Liquidation).

The on-going day to day administration of the company, including the collection of loan receivables and payments of proceeds to investors continues to be managed by the Receivers. The appointment of the Liquidator will allow the Liquidator to exercise powers under the Companies Act 1993 that are broader than those available to the Receivers. For example the Receivers have handed over the files in respect of certain transactions authorised by the Directors of Finance and Leasing prior to the receivership. The Liquidator continues to carry out investigations into these transactions to determine whether there have been breaches of company law and whether it is in the interests of creditors and the wider public to pursue these. The matters at issue are not straightforward but the Liquidator continues to consider these on behalf of investors and the wider public.

The Receivers will continue to assist the Liquidators with their enquiries.

### 2.3. Meeting of Regulatory Bodies

In our sixth Receivers Report, we advised investors that the Receiver expected to resign before the end of 2013 and allow the Liquidator to realise the remaining assets.

In subsequent discussions with the Liquidator, the Companies Office and the Financial Markets Authority, it was agreed that the Receivers would remain in place in order to:

- conclude realisation of residual company assets (the most material being a 48 ha bare land property in Greymouth with subdivision potential),
- pursue guarantees given in respect of the debt of the largest borrower group, and
- assist the Liquidator and regulatory authorities with potential litigation proceedings.

The continuation of the Receivers remains the preferred mechanism for maximising returns to the investors. As events develop in respect of the remaining realisable assets the value of having the Receivers remains in place is re-evaluated. The Trustee is consulted to ensure this decision remains in investors' best interests and that the value of remaining in place is justified.

### 2.4. Retirement of Trustee

On 19 December 2013 Perpetual Trust Limited sought and obtained a court order allowing them to retire as the Trustee of Finance and Leasing and Corporate Trust Limited be appointed as the new Trustee.

Corporate Trust has been acting as Trustee under a management agreement since Perpetual Trust decided not to seek renewal of its corporate trust license.

The matter of costs relating to the change of Trustee has now been judicially determined and the Receivers will meet Finance and Leasing's share of their costs from receivership funds.

# 3. Finance and Leasing Loan Book

Since their appointment the Receivers have managed the loan book of Finance and Leasing to ensure loan repayments are being made and appropriate actions are initiated for loans in arrears or default.

The loan book contains loans for business activities including property development. As at 28 February 2015 there were 18 loans (79 loans at date of receivership) with balances outstanding. Only 3 loans are expected to provide any further cash flow.

At the date of receivership the loan book comprised a small number of loans with material outstanding sums. Substantial client concentration existed with the top three client exposures representing more than 90% of the loan balances (when related individuals or parties are consolidated).

The following observations can be made in relation to each class of loan:

## **Commercial Loans**

Finance and Leasing advanced loans to commercial clients, secured over motor vehicles and other equipment. These loans balances made up 3% of the total balance receivable. The majority of the loan balances were less than \$50,000.

## **Consumer Loans**

There were a small number of consumer loans, largely secured over motor vehicles. In general these loans performed adequately.

## **Hotel and Land Holdings**

Finance and Leasing had a significant exposure to a borrowing group that operates hotels in Auckland, Hamilton and Rotorua. This group is the largest exposure in the Finance and Leasing loan book at approximately \$8.6 million.

The loans were secured by mortgages over ordinary shares in the borrowing companies and this has made realisation a complex and difficult process, not assisted by the poor trading performance and or liquidation of companies within the borrowing group. Consequently there are unlikely to be funds from the company available to repay Finance and Leasing.

Following discussions with the Finance and Leasing Liquidator and forensic specialists from the Companies Office, the Receivers believe there are strong grounds for pursuing the guarantors in relation to the shortfall debt notwithstanding unsubstantiated agreements with the Directors of Finance and Leasing Limited alleged by the borrower. The Receivers are prepared to take this matter to litigation believing that to be in the best interests of the investors.

## **Property Development Loans**

Finance and Leasing held interests in two significant property developments in Christchurch, but these have now been realised as detailed in previous Receiver's reports.

## **Specific Loan Details**

The Receivers believe releasing specific details of other loans and collections to date or other commercially sensitive information would materially prejudice the exercise of their functions and possibly the outcome for secured debenture holders. Accordingly, under Section 24 (3) of the Receiverships Act 1993 the Receivers have omitted specific details in this section.

## **Land Held for Sale and Other Assets**

As at the date of receivership, Finance and Leasing had a number of company assets held for sale. Typically, these represented assets acquired by the company when loans defaulted.

### **Tasman View**

Finance and Leasing owns a development property in South Beach, Greymouth which was purchased from a Finance and Leasing borrower in November 2008. The property has been marketed for sale by the Receivers by way of Deadline Sale but did not attract any acceptable offers.

The Receivers have continued to look for a buyer for the Tasman View block and in recent months have held discussions with three parties about their interest in acquiring the land. Negotiation with one of these parties has resulted in an offer to purchase with conditions. The Receivers are hopeful the conditions can be satisfied and a successful outcome will be achieved.

### **Forestry Block**

In the current reporting period, the Receivers have successfully negotiated the repayment of a longstanding overdue loan secured by a mortgage over a small forestry block in South Canterbury. The negotiated settlement represents an excellent result having regard to the impaired status of the loan, the condition of the forestry asset and the current market value of the block at mortgagee sale.

# 4. Amounts Owed by Finance and Leasing

## 4.1. Amounts Owing to Appointer (On Behalf of Secured Debenture Holders)

Finance and Leasing had 227 investors and \$17.2 million in depositor funds at receivership date (including funds held by the Trustee), with an average deposit of \$76,000. All debenture stock is secured under the Trust Deed.

Approximately \$16.5 million is invested in secured debentures (“debenture stock”) and approximately \$0.7 million was held in trust by the Trustee. Funds held by the Trustee prior to receivership were returned to those investors.

On 28 February 2015 the Receiver declared a distribution of a further one cent in the dollar bring the total distributed to \$4.4 million or 27 cents in the dollar to secured debenture holders. Distribution cheques accompany this Receivers report.

Further distributions will be dependent on the success of on-going realisation efforts and the successful pursuit of funds through the courts.

Interest continues to accrue to secured debenture holders until date of full repayment, although it is not anticipated that there will be sufficient funds to pay interest to secured debenture holders.

## 4.2. Amounts Owing to Other Preferential Creditors

Finance and Leasing’s preferential creditors are its employees and the Inland Revenue Department (“IRD”).

At the date of appointment the Receivers adopted approximately \$14,000 of employee preferential creditor payments and \$97,166 of IRD’s preferential claims.

The full value of employee and IRD preferential creditors has been established and claims settled.

## 4.3. Amounts Owing to Unsecured Depositors

Finance and Leasing had no unsecured deposits as at 28 February 2015.

## 4.4. Amounts Owing to Unsecured Creditors

Unsecured creditors were notified of the receivership subsequent to our appointment. As at the date of this report the Receivers have received confirmations from unsecured creditors for approximately \$205,000. We expect we are unlikely to receive any further confirmations of debt from unsecured creditors.

## 4.5. Amounts Owing to Redeemable Preference Shareholders

The company has 600,000 Perpetual Cumulative Redeemable Preference Shares (RPS). These shares have a fixed value of \$1.00 each. The RPS rank behind all secured and unsecured creditors of the company and all payments having priority at law, but rank ahead of the ordinary shares of the company.

#### **4.6. Amounts Owing to Ordinary Shareholders**

At the date of receivership Finance and Leasing had share capital with a book value of \$3.0 million comprising of ordinary shares. These shares have no par value and rank equally with regard to the company's residual assets.

#### **4.7. Amounts Likely to be Available to Secured and Other Creditors**

The Receivers have previously advised that the top three client exposures account for more than 90% of the total loan book. The return of funds to investors ultimately depends on the recovery of monies lent to these three clients.

The security positions are not strong and there has been a significant decline in the value of security held. The trading performance of these companies has been poor and a number have been placed in liquidation.

A prudent estimate of the final return to investors remains at 28 to 30 cents in the dollar.

This estimate is by no means a guarantee that the actual return will be in this range. Actual results may vary from the assumptions applied and this could have a material impact on the final recovery. The Receivers will continue to review these assumptions and update the estimate of realisation as the receivership progresses.

The Receivers continue to accrue interest on deposits held but it is unlikely that any interest will be paid to debenture holders.

The Receivers do not expect any funds will be available to repay redeemable preference shareholders, unsecured creditors or ordinary shareholders.

The Receivers have examined the deferred tax asset that existed at the date of receivership. No value is expected to be realised from the deferred tax asset.
