Deloitte Pakistan is a member of Deloitte Touche Tohmatsu Limited (DTTL), one of the largest professional services organizations in the world, with a workforce of 200,000 people in more than 150 countries. The firm was established in 1972 and it has become one of the leading professional services firms in Pakistan. The firm is providing services to over 500 clients including both multinational and local companies.

Our Purpose

Every day we challenge ourselves to do what matters most— for clients, for our people, and for society. We serve clients distinctively, bringing innovative insights, solving complex challenges and unlocking sustainable growth. We inspire our talented professionals to deliver outstanding value to clients, providing an exceptional career experience and an inclusive and collaborative culture. We contribute to society, building confidence and trust in the markets, upholding the integrity of organizations and supporting our communities.

Our shared values guide the way we behave to make a positive, enduring impact:

- Integrity
- Outstanding value to markets and clients
- Commitment to each other
- Strength from cultural diversity

Deloitte Pakistan is planning to bid on a UNDP project: Development of Sustainable Development Goals (SDGs) Framework for Sindh. Deloitte is looking for experienced professionals to work with the organization on a short-term contract. The project consists of developing a framework to map out what policies and legislation Government of Sindh needs to implement to meet its SDG targets for 2018. It requires high level analysis of current policies and legislation, drafting and developing the framework after consultative sessions with multiple stakeholders, and developing a complete implementation plan.

Analyst—Environment Specialist

Location: Karachi

Engaging tasks await you to

- Analyze existing data, policies and legislation
- Hold consultative sessions with local leaders, legislators and other government officials
- Draft and develop the framework with team with a special focus on the environmental dimension
- Perform other responsibilities as required

You possess following skills and experience

- Educational qualification of Ph.D. or Masters' degree in Environmental Science, Geography or related field
- At least 8 years of working experience in an international or national development organization in undertaking research and planning and implementing development projects with government counterparts
- Experience of working on local socio-economic, development and environmental issues and challenges, especially in the context of Sindh. Hands on experience in monitoring and evaluation
- Must be fluent in English, Urdu and preferably Sindhi
