Deloitte Pakistan is a member of Deloitte Touche Tohmatsu Limited (DTTL), one of the largest professional services organizations in the world, with a workforce of 200,000 people in more than 150 countries. The firm was established in 1972 and it has become one of the leading professional services firms in Pakistan. The firm is providing services to over 500 clients including both multinational and local companies.

Our Purpose

Every day we challenge ourselves to do what matters most— for clients, for our people, and for society. We serve clients distinctively, bringing innovative insights, solving complex challenges and unlocking sustainable growth. We inspire our talented professionals to deliver outstanding value to clients, providing an exceptional career experience and an inclusive and collaborative culture. We contribute to society, building confidence and trust in the markets, upholding the integrity of organizations and supporting our communities.

Our shared values guide the way we behave to make a positive, enduring impact:

- Integrity
- Outstanding value to markets and clients
- Commitment to each other
- Strength from cultural diversity

Deloitte Pakistan is planning to bid on a UNICEF project: Long term Agreement (LTA) to establish and manage an Alignment, Monitoring, and Results Unit. Deloitte is looking for experienced professionals to work with the organization on a temporary contract. The objective of this assignment is to provide programme management and technical support services to UNICEF which includes:

- Establishing and manage an Alignment, Monitoring and Results (AMAR) Unit, in support of DFID's AAWAZ II programme aimed to empower and protect Pakistan's youth, women and children. The AMAR Unit which will coordinate and liaise with CSOs directly contracted and managed by the donor to implement pillars 2 and 3 of the AAWAZ-II Programme as well as UN agencies (under a UN Joint Programme) for the implementation of pillars 1 and 4, and support overall programme delivery, coordination, monitoring and reporting.
- Working closely with UNICEF to improve/enhance UNICEF's capacities for effective programme monitoring, particularly for its overall country programme. This will include implementation of tools for performance monitoring and value for money frameworks and related analyses.
- Providing technical support services, including specialized technical resources, for example in the areas of economics, data generation and analysis – including secondary analysis of data from administrative systems, programme and project management, household survey management and coordination, and report writing and editing. Other areas may be added by mutual agreement as and when needed.

Monitoring & Evaluation Expert

Location: Karachi

Engaging tasks await you to

- Review the overarching LFA to ensure that it continues to align with the UN and CSO components and define clear targets, and maintains a strong result focus.
- Collect data on the LFA indicators.
- Identify suitable outcome and output indicators, determine data sources and frequency of publication/collection for each indicator, and ensure that the raw data available is analyzed such that it meets the needs of the LFA
- Develop innovative systems of data indexing, to enable the use of qualitative indicators in the LFA.
- Devise a system to safely store the knowledge generated by the programme.
- Proactively work with communications expert to disseminate the results.
- Enable AAWAZ II practitioners to learn broader lessons about project implementation, possible approaches, and

You possess following skills and experience
