Deloitte supports sustainable development for the business community and the environment. We work with government institutions as well as nonprofit and non-governmental organisations to develop and implement solutions that promote future stability.

Deloitte CIS launched its CSR maturity assessment project in 2016 as part of our commitment to making an impact that matters to society and sustainable development. On a pro bono basis, we will model your CSR maturity and provide you with recommendations for development taking into account best practices.

**Our focus**

CSR (corporate social responsibility) is a means by which business owners can systemise their responsibility towards stakeholders to deliver economic efficiency and set out the company’s strategic values through three areas of activity:

1. **Stakeholder relationship management**

2. **Social investment management**

3. **Non-financial risk management**

**Module 1: CSR function maturity assessment (one week)**

- CSR assessment
- Results session
- Report and recommendations

**Module 2: Strategy development (discussed after module 1)**

- Strategy development
- Strategy session
- Development of implementation mechanisms
  - Development of structural mechanisms to implement the strategy
  - Creation of an implementation plan (specification of the role of the corporate centre)
  - Involvement of partners
  - Preparation of solution options
  - Strategy session with top management
  - Acceptance and formalisation of solutions, and delivery to company employees

**3. Assessment areas for sustainable development and social investment**

We are ready to model your CSR function’s maturity, where CSR is defined as the responsibility of an enterprise or company towards society for the consequences of its business operations. We can also assess your company’s current level of sustainability to identify competitive advantages and opportunities for improvement.

**Assessment areas:**
- Strategy
- Operational management
- Interaction with stakeholders and philanthropy
- Communications
- Transparency and accountability
- Technology
