

## Senior Consultant talent standard

### Global Risk Advisory Cyber Risk – Cyber Vigilance

Building a *globally uniform level of quality and capability* in our core services so that our clients experience a *consistent, exceptional Deloitte* is critical to become the undisputed leader in professional services. The following standard defines the capabilities required at the Senior Consultant level for our Cyber Vigilance service.

#### Leadership capabilities

We expect practitioners at all levels to embrace and live our purpose by challenging themselves to identify issues that are most important for our clients, our people, and for society and *make an impact that matters*. There are five Leadership capabilities that we require from all Senior Consultants across the organization, regardless of service. Behavioral anchors for each capability are described below.

Capability	Description	Behavioral anchors
