Declaring the activities of foreign or international NGOs unwelcome on RF territory

Federal Law No. 129-FZ of 23 May 2015 has introduced the procedure for the declaration of the activities of foreign or international NGOs unwelcome on RF territory. In particular, the law concerns organisations that pose a threat to the constitutional order of the RF, its defence capabilities or security. The decision on declaring organisations' activities unwelcome is taken by the RF Procurator-General or his deputy subject to approval from the RF Ministry of Foreign Affairs. Administrative and criminal responsibility has been established for the implementation of, management of and participation in the activities of an organisation, which have been declared unwelcome. Participation in the activities of such an organisation is also grounds for denying entry to RF territory for foreign individuals. The law also sets forth limitations for credit and non-credit financial organisations in relation to operations involving cash or other assets to which an unwelcome organisation is a party.
