

## 2012 Technology Fast 500™ EMEA rankings

**Five-year revenue growth rate for top companies increases 83 percent with software sector representing 40 percent of the rankings.**

French firm Criteo secured the top spot in Deloitte Touche Tohmatsu Limited (DTTL) Global Technology, Media & Telecommunications (TMT) industry group's 2012 Technology Fast 500™ EMEA (Europe, Middle East and Africa) rankings. The firm, which specializes in online performance display advertisements, secured the top spot with an impressive five-year growth rate of more than 200,000 percent.

For the third consecutive year French companies dominated the program ranking, producing 90 winning companies, followed by the United Kingdom with 74 companies and Sweden with 55 companies qualifying for the list.

## CIS companies included in the rankings

No	Company	Sector	Five-year revenue growth
136	ER-Telecom	Telecommunications/networking	1 021%
239	Service Plus	Software	608%
462	STEC.COM	Telecommunications/networking	308%

*“Three Russian companies – ER-Telecom, Service Plus and STEC.COM – have made it into the 2012 Technology Fast 500 EMEA rankings, compiled by the Technology, Media & Telecommunications (TMT) industry group of Deloitte Touche Tohmatsu Limited (DTTL). This is a major accomplishment for these companies, evidencing their impressive rates of revenue growth over the last 5 years. It is further testament to the fact that Russian companies can provide strong competition in the global technology market.”* said **Olga Tabakova**, TMT leader for Deloitte CIS.

The full list of ranked companies as well as additional details on Deloitte’s Technology Fast 500 program can be accessed at [www.deloitte.co.uk/fast500emea](http://www.deloitte.co.uk/fast500emea).

### About the Deloitte Technology Fast 500™ EMEA

Technology Fast 500, conducted by Deloitte Touche Tohmatsu Limited (DTTL), provides a ranking of the fastest growing technology, media, telecommunications and green technology companies – both public and private - in Europe, Middle East & Africa. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2009 to 2013.

In order to be eligible for Technology Fast 500 recognition, companies must own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company's operating revenues. Companies must have base-year operating revenues of at least €50,000 EUROS, and current-year operating revenues of at least €800,000 EUROS. Additionally, companies must be in business for a minimum of five years, and be headquartered within Europe, Middle East & Africa.
