

Volunteer for a good cause

Making an IMPACT that matters

Every day, our people strive to make an impact in the community that they live and work in. In our recently released [2015 Global Report](#), you will find some of these inspiring stories of how our people have made an impact in the past year. From delivering pro-bono support to non-profit organisations, to helping young people develop their potential and strengthening communities in the wake of a disaster, they are actively contributing to society.

In the October issue of the mailer, we bring you a variety of volunteer opportunities where you can do your part to amplify this positive impact by pledging your time and skills for the good of our communities. For example, you can lend your accounting/finance skills in volunteer roles involving book keeping, preparation of financial statements, cash flow management, etc. More information on this is available at the [Pro Bono Accountancy Singapore website](#).

Sign up today as a volunteer by clicking on the respective links below for more information and to register your interest for the activities. Please inform [Marie Li](#) and [Ho Hui Xin](#) on your registration for any of the activities and you may also get in touch with them if you have any queries. We will continue to share more of such opportunities in our monthly mailers.
