

Deloitte.

The shape of the future?
That's up to you.

Junior Associate Program

How will you shape your future?

The future is unpredictable and uncertain, and the Junior Associate Program presents you with the incredible opportunity to shape and activate your future.

The professional development program provides rigorous and structured on-the-job training for diploma graduates. Be supported as you pursue mandatory professional qualifications and develop the necessary skills and experience to shape your future. Upon completion of recognised professional qualifications, you may be considered for accelerated career progression ahead of your peers.

By joining Deloitte – the world’s largest professional service organisation by revenue – you can truly accelerate your future and the impact you can make.

What does the program entail?

- On-the-job coaching and mentorship by experienced managers
- Full support for recognised professional qualifications
- Opportunity to work overseas on our Southeast Asia mobility program

Who is eligible?

Open to all polytechnic graduates who have completed or students who will soon be completing their studies in Diploma in Accountancy or Diploma in Accounting & Finance in the local polytechnics.

What do we look for in considering the application?

We take a holistic view of the candidate’s academic excellence, overall development and track record in co-curricular activities, as well as the person’s interest in pursuing a career in Audit & Assurance (A&A).

To apply, submit your CV to Yuling Lin at ylin@deloitte.com and SG A&A Talent at audittalent@deloitte.com.
