Calling all Accountancy, and Accountancy and Finance students! It's never too early to visualise your future. Designed with the needs of future's accountancy graduates in mind, Deloitte's *Propel* will launch you to a successful head-start in your career.

### ***Propel* fast**

At Deloitte, we know that speed is of the essence. Our markets are fast-moving, our clients are fast-changing – and our people are fast-paced. Deloitte's *Propel* program helps you keep up with the competition, and accelerate your career progression with:

- World-class professional training;
- Hands-on experience in real client engagements;
- On-the-job coaching and mentorship by experienced managers; and
- Full support for recognised professional qualifications.

Successful completion of the *Propel* program will also enable you to eventually secure **full-time, permanent employment** at Deloitte Singapore after university graduation.

## **Propel forward**

Heard of a first-mover advantage? As the *Propel* program equips you with the necessary skills and experience to perform at a higher level right from the get-go as a new university graduate, your career will enjoy a head-start with a higher entry-level position, accompanied by a higher starting pay. Your career advancement will also be faster than those on the normal track, enabling you to reach significant career milestones like Manager in a shorter period of time. As a Manager, you'll be a leader in the firm, managing a team and leading interactions with clients.

## **Propel far**

Propelling your career forward is not just what we do. We also propel your career further: to last. Our Propel program sets you ahead of your university peers by taking into consideration your Deloitte internship completed during your diploma studies. You will only need to complete a shorter 20 accumulative weeks of internship during your subsequent undergraduate years, a shorter duration than the university cohort who will need to fulfil 30 weeks.

If you are an Accountancy or Accountancy and Finance student at a local polytechnic, and able to fulfil the following criteria, we want you:

- Possess a strong interest in a career in Audit & Assurance; and
- Able to commit to an Audit & Assurance internship period of at least 12 weeks during your diploma studies.

You will be required to complete an Audit & Assurance internship period of 20 accumulative weeks during your subsequent local accountancy undergraduate studies, which can be completed in 2 phases or less.
