

Deloitte and Anaplan Alliance

Connected planning for a complex world

What if planning could improve both your top and bottom line? Leveraging the native capabilities of Anaplan's platform and Deloitte's breadth of industry experience and unique transformational capabilities, we can get you there.

With the power of connected planning combined with cognitive capabilities and predictive analytics, we can help transform how your business makes strategic operational and financial decisions. Increase visibility across your organization, connect siloed data, and take your real-time planning and forecasting to an entirely new level.

Industry solutions to help accelerate your results

Deloitte's industry-leading solutions, powered by Anaplan, can help connect your people to your data, enabling you to navigate an ever-changing market so you can make more informed decisions, drive revenue, and accelerate profitability.

We've developed a number of joint industry solutions, including those for:

- Retail assortment planning
- Consumer products commercial planning
- Clients who want to unlock predictive insight and FP&A efficiency through customizable, on-demand advanced analytical modeling
- Insurers that need to comply with the new standards and manage an increasingly complex regulatory environment
- Upstream and downstream oil and gas solutions
- Zero-based budgeting for multiple industries
- Workforce planning
- Sales forecasting
- Account segmentation and planning
- Territory planning and management
- Quota planning analytics and management
- Incentive compensation planning and management
