

Project Management as a Service (PMaaS)

Drive transformation, improve productivity, streamline business operations.

How are you meeting critical talent needs to keep your business moving forward? Finding and retaining the right talent is increasingly challenging. In fact:

of CEOs surveyed expect talent shortages to continue

expect to see talent shortages for certain roles. ¹

Deloitte Program Management as a Service (PMaaS) helps relieve these pressures by providing agile, on-demand, global program and project management resources to support human capital initiatives throughout your business.

With Deloitte Human Capital PMaaS

Meet fluctuating demand

Your business faces challenges with fluctuating project management needs, talent shortages, and shifting priorities, making hiring full-time or gig workers difficult. We offer flexible resource scaling while preserving institutional knowledge to ensure efficient and consistent results.

Implement leading methodologies

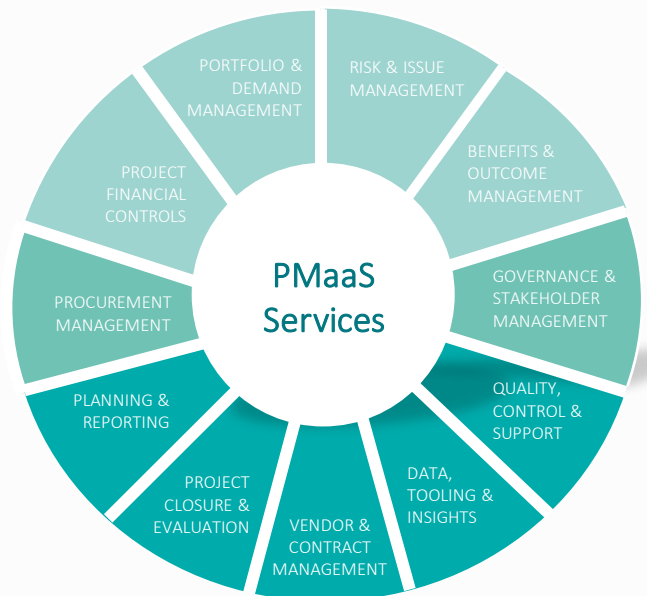

Program management, though essential, may not be your core strength. We provide specialists and proven frameworks to standardize processes, improve controls, enhance visibility, reduce risk, and help you deliver projects more effectively and consistently.

Achieve global quality and cost control

Our global consulting capabilities and geographically dispersed global delivery centers enable cost efficiencies as well as expanded hours of service for both front-end and back-end PM / PMO services.
