"We engaged Deloitte to establish and operate our Global Speak Up program as an independent whistleblowing service available in 16 languages, which can be reported directly to our Group Head Office via a dedicated website or e-mail. Deloitte's Conduct Watch solution is simple and secure to use, provides safe and trusted channels for our employees to raise their concerns and includes case management features that help us manage our whistleblowing process effectively and efficiently."

"Our cooperation with Deloitte on Conduct Watch dates back to 2019. Since then, H&H Speak Up has been an effective and reliable channel for whistle-blowing, covering all our worldwide operations in multiple languages. Deloitte's solution significantly facilitates our anti-fraud management and whistle-blower protection, by providing trusted reporting channels to all stakeholders, including our employees and business partners. With the help of Deloitte, we have successfully and effectively promoted our anti-fraud management to all our operations across 4 continents."

Deloitte refers to one or more of Deloitte Touche Tohmatsu Limited ("DTTL"), its global network of member firms, and their related entities (collectively, the "Deloitte organization"). DTTL (also referred to as "Deloitte Global") and each of its member firms and related entities are legally separate and independent entities, which cannot obligate or bind each other in respect of third parties. DTTL and each DTTL member firm and related entity is liable only for its own acts and omissions, and not those of each other. DTTL does not provide services to clients.
