

GES Newsflash

Moving together. Making tomorrow.

Greetings from your Tax & Legal team at Deloitte Singapore. We are pleased to update you on the following:

Singapore: Additional vaccinations to be required for foreign dependent children

Beginning in February 2019, Singapore will require two new vaccinations from dependent children who are applying for long-term passes. Foreign-born children up to the age of 12 who are applying for a Dependant's Pass, Long Term Visit Pass, or Student's Pass will be required to show proof of vaccination against diphtheria and measles.

- **Implementation time frame:** February 2019.
- **Visas/permits affected:** Dependant's Pass, Long Term Visit Pass, and Student's Pass.
- **Business impact:** Expatriate families with children up to the age of 12, and who are foreign-born should be informed of the new requirement.

Deloitte Singapore's view

Foreign employees should plan to present proof of their children's immunization records including the measles and diphtheria vaccinations. Those seeking an exemption from the new requirement will need to obtain a physician-certified

document and submit it to Singapore's Health Promotion Board.
