

## International Tax Alert

### Stay informed of new developments

Greetings from your tax team at Deloitte Singapore. We are pleased to present to you the survey results of our second annual survey of multinationals on:

#### [Understanding the impact of BEPS](#)

In 2014, Deloitte conducted its first “OECD Base Erosion and Profit Shifting survey” to gauge the views of multinational companies regarding the increased media, political and activist group interest in “responsible tax” and BEPS, and the expected resulting impact on their organisations.

In early 2015, a follow-up survey was conducted to understand how clients’ views on the tax landscape have evolved. A summary of the 2015 survey results can be found [here](#).

We hope that you find this information useful and welcome your feedback. You may also wish to visit our [BEPS site on Deloitte.com](#), which contains useful resources and updates.

Should you have any comments or questions arising from the newsletter, please contact either [Steve Towers](#) or [Ben Pickford](#). Alternatively, you may also get in touch with your usual Deloitte contact or any member of the Singapore tax team listed below.

Best regards
