Navigating your Digital Risk

How do you monitor and control your digital estate?

Risk management

Digital opportunity touches all aspects of your business, but so too can the risks. Operating without a framework for governance and risk management may have a significant impact on your reputation, customers and business partners.

Digital presence

Irrespective of the scale or complexity of your digital estate, knowing what is yours and what you are responsible for, is fundamental to understanding your digital risk.

Manage – What you own and control.
Listen – Understand what others say about you.
React – Respond to content related to you.

How we do it

Discover

Identify your digital footprint and gather key characteristics (geography, content and functionality) while establishing ownership and accountability.

Assess

Generate a risk profile of your digital estate and assess whether it meets your compliance standards as well as the overall governance structure.

Respond

Design a governance structure, establish accountabilities, update policies and implement digital compliance monitoring processes.

Evolve

Embed a continuous review process that evolves in response to disruption and new developments across the digital, legal and regulatory environments.

Why us?

With so many organisations out there offering advice on your digital estate, why choose us?

Proven track record

Our dedicated team of risk specialists have helped support a number of FTSE 100 and FORTUNE 250 organisations to better manage their customer engagement, conversations and digital content in a risk intelligent manner.

One stop shop

The size and scale of our practice means we have a wealth of digital knowledge and experience across key industries that can benefit your organisation's needs at each and every stage of your digital journey.

Don't just take our word for it

In the world of risk, Deloitte is consistently ranked as a leader by industry analysts for our capability, strategy and methodology. We understand the challenges and opportunities to help our clients excel.
