

DIGITAL FINANCE EXPERIENTIAL LAB

Finance in a Digital World

Digital disruption is here to stay, affecting almost every aspect of business – including Finance. It presents new challenges and amplifies existing ones.

Deloitte's Digital Finance Lab provides an immersive experience for your Finance leadership team to explore the impact of Digital disruption on your business and the implications for the future Finance operating model – people, processes and technology.

Your team will experience a simulated user journey, navigated through the perspectives of key Finance user personas. Through exploration of your aspirations and enabling technologies, your team will discover Finance in a Digital World, begin exploring possible applications, and challenge you to rethink how Finance operates in the Digital World.

A half or full day lab experience to build an understanding of the Digital future

Deloitte.

THE EXPERIENCE

ASPIRATIONS OF FINANCE
Identify the aspirations for your Finance function for the Digital World

FUTURE FINANCE ORGANISATION
Immersive experience, centred on a core user journey, to demonstrate the application of Digital to today's pain points

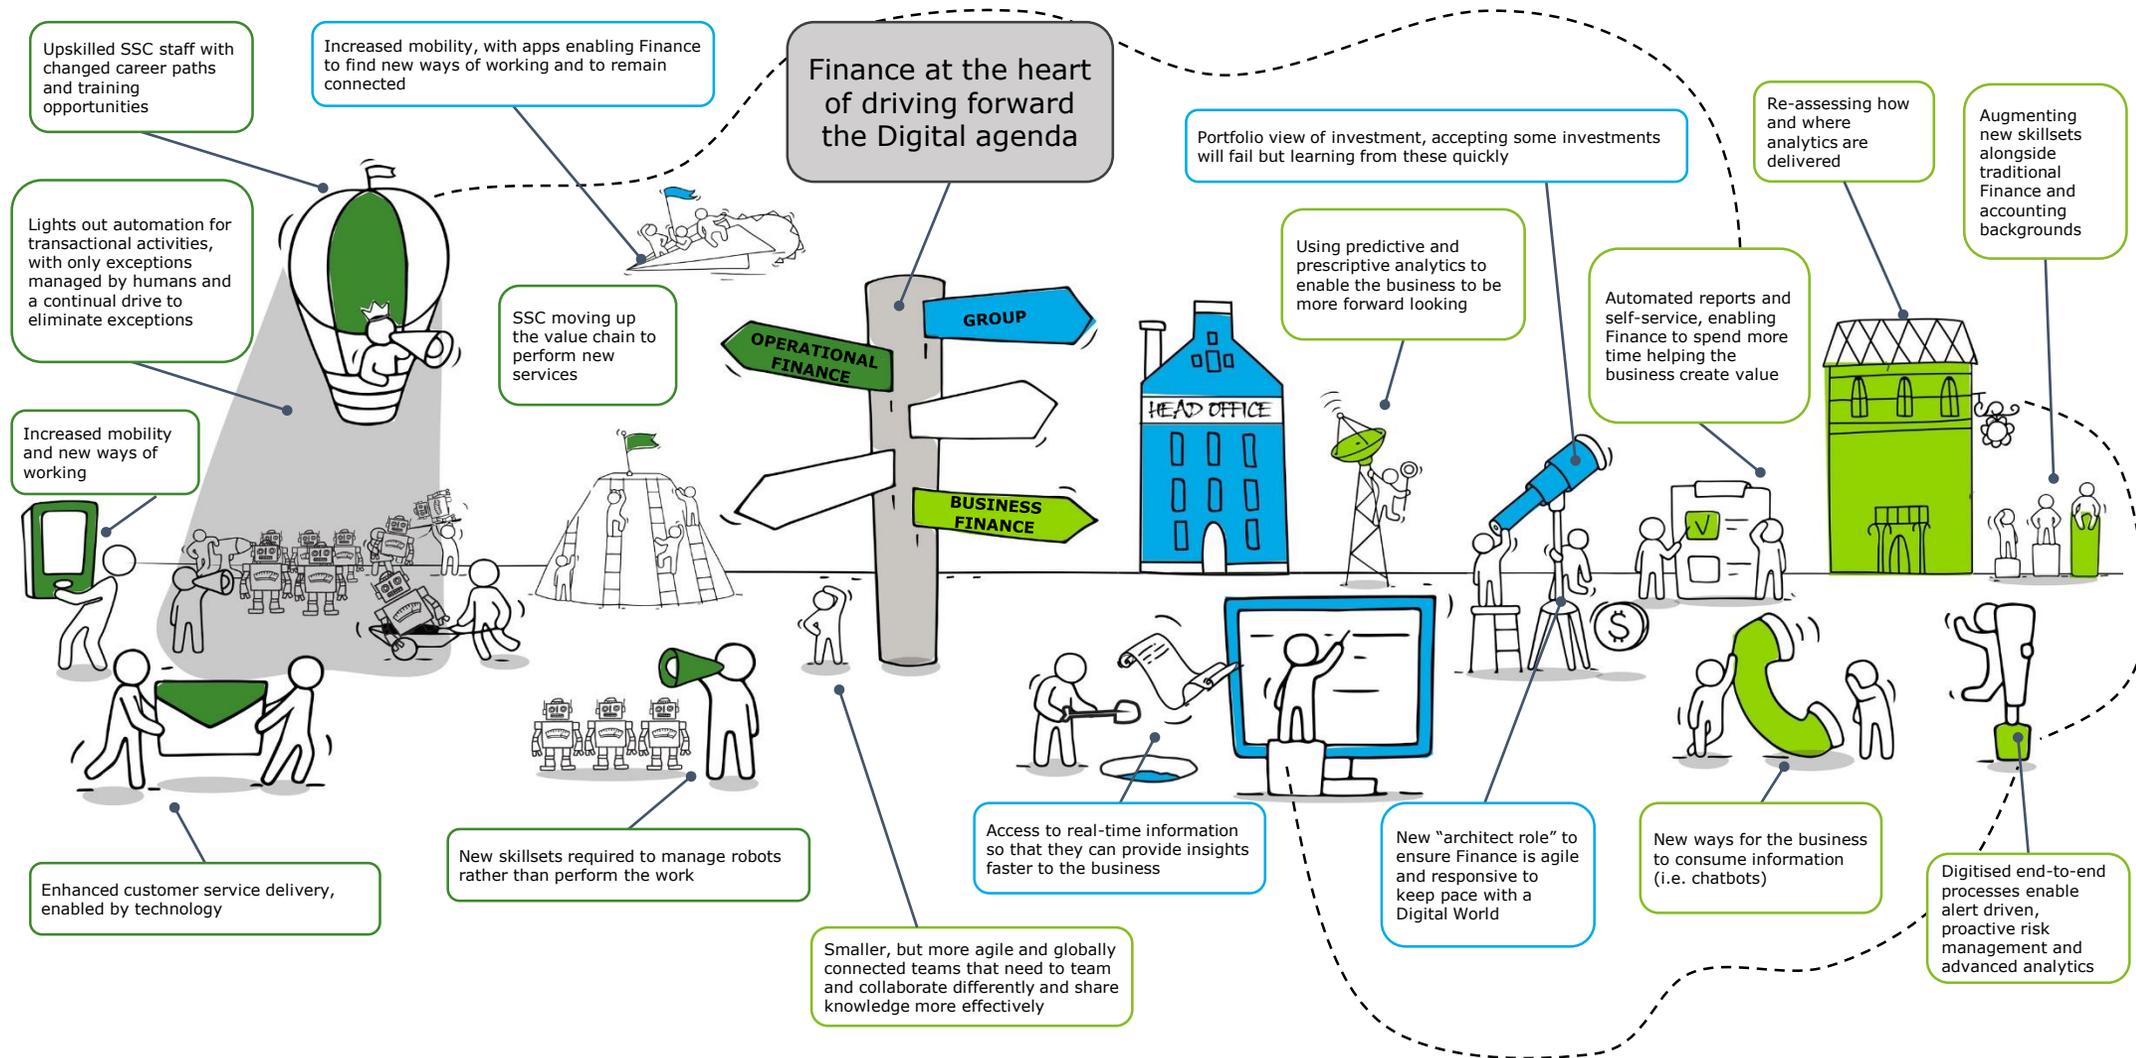

FOCUSED DISCUSSION
The introductions of our personas throughout our journey will drive key discussion points across the operating model

APPLICATION OF ENABLERS
Understand the latest technology enablers to identify potential applications and a starting point for your Finance function

REFLECTIONS
Identify points of interest and inspiration to gain a collective commitment to future exploration of Finance in a Digital World, understanding where to start for your organisation

Deloitte
Greenhouse™

Throughout the experience we drive a number of discussion points around the impact of Digital on Finance
