

Corporate Simplification London Contacts

Our experience

We are a dedicated specialist corporate simplification team working for client across all sectors and industries.

In the last 5 year period, the number of voluntary UK company dissolutions has increased by more than 60% as corporates seek to simplify their group structures to reduce costs, achieve greater capital efficiency, manage risk and improve transparency.

We typically assist our clients by flexing our support to meet their individual needs. A corporate simplification project is not an event but a process. Our team of specialists possess strong project management skills to assist clients who often find maintaining project momentum a challenge. Further we have developed specialist management tools to ensure clarity of the overall project steps

Whether a potential client is seeking to eliminate one or two UK companies or embark on a more complex international project, involving a multi disciplinary Deloitte team, the methodology is the same.

We also help clients exit no-core businesses or sites where a solvent managed exit is the optimal solution and/or where the client wishes to repatriate cash
