– HOW WE DEPLOY –

Co-ordinated global team

We offer an **agile global network** of resources
We **draw in and upon deep expertise** from our **50,000 consulting colleagues**, for specialist operational insight during diligence, upside and planning stages, including

- Technology and digital
- Finance transformation and reporting
- Organisational change
- Risk management
- Real estate

We can move seamlessly from **pre-deal to post-deal upside implementation support**

– RESOURCES AT OUR DISPOSAL –

An extensive toolbox

Our speed and effectiveness are enhanced by tools we have developed and draw upon:

- In-deal lens **methodologies**,
- Extensive deal experience,
- **Benchmarks** database,
- Comprehensive **carve-out methodologies,**
- **Synergy testing** and augmentation frameworks, and
- Banks of upsides **hypotheses**.
