

## China Services Group

### Realising the opportunity

As the world's second largest economy, with a population of 1.3 billion and a rapidly growing middle class, China presents considerable opportunities for UK businesses looking to expand overseas. As a hub for innovation with access to an exceptional pool of international talent, the UK is also an exciting prospect for Chinese companies looking to invest in Europe. With significant opportunities in sectors such as infrastructure, real estate, technology and consumer businesses, the UK is already home to more Chinese investment than any other European country.

With both the UK and Chinese governments committed to a 'golden era' of trade, there has never been a better time for UK and Chinese businesses to consider further collaboration and investment.

#### How we can help?

The Deloitte China Services Group in the UK ('UK CSG') comprises around 150 people across all of Deloitte's businesses (Audit, Consulting, Financial Advisory, Risk Advisory and Tax), including more than 100 bilingual speakers.
