

## Mid market 60-second survey results: February 2015

Deloitte Growth Enterprise Services conducts an occasional brief, anonymous online survey designed to assess the views of mid-market professionals. This survey was conducted from February 26 - March 6, 2015, with 273 respondents.

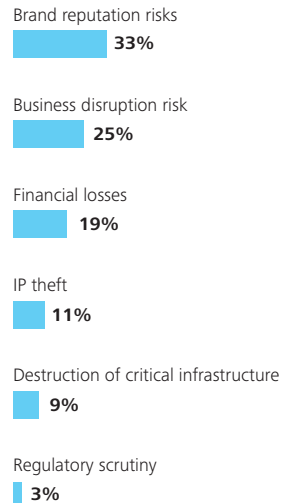

### Compared to a year ago, how concerned is your organization about cyber security?

### Which of the following do you believe poses the greatest danger to your organization when it comes to cyber security?

### What aspect of cyber risk are you most worried about?

### Which of the following proactive measures to prevent cyber security breaches is your biggest priority?

### Why hasn't your company developed a cyber-security action plan?

### Are you proactively implementing threat intelligence measures to prevent cyber breaches?

### Do you have a Cyber Incident Response Plan?
