

## **FATCA IGA Global Summary**

Foreign Account Tax Compliance Act (FATCA)  
September 18, 2017

# Preface

The development of Intergovernmental Agreements (IGAs) to implement the tax reporting and withholding procedures associated with FATCA continues. The US Treasury has released Model agreements to implement FATCA. These agreements serve as a baseline for negotiations between the US and FATCA partner countries. They continue to be updated as additional IGAs are promulgated. In addition to countries that have signed IGAs, the US Department of the Treasury will treat an IGA as "in effect" with a partner jurisdiction if the United States has reached an agreement in substance.

The "**IGA Global Summary**" provides a high-level summary of all countries with agreements or agreements in substance which directly line up with the updates published on the [US Department of the Treasury FATCA resource center](#).
