

Tax Executive Transition Lab™ Plan Your Success

The role of the Tax Executive continues to evolve under the global tax reset and with impending tax reform. Tax Executives are being called upon to do more with less while facing increased expectations from their stakeholders. They are focused on maximizing their impact as a strategic business partner while continuing to oversee the day to day operations of the Tax function. To help newly appointed Tax Executives, and those with prior experiences, make efficient and effective transitions, we created the Tax Executive Transition Lab™ experience.

Studying Executive Transitions

Deloitte's Executive Transition Program conducted extensive research and uncovered insights into what makes executive transitions successful, as well as the common pitfalls.

The three critical elements that emerged as clear drivers of success in every transition are time, talent and relationships. Deloitte's Tax Executive Transition Lab™ capitalizes on those insights.

Tax Executive Transition Lab™ Overview

The Transition Lab is a one-day experience designed to help new Tax Executives hit the ground running and develop a plan to accelerate success.

The plan is built around what have been found to be the critical work streams:

- Define and communicate your **priorities**
- Assess and develop a **talent strategy**
- Understand and influence **key stakeholders**
- Develop an **action plan** to execute priorities

TIME: Significant new demands will be made on your time, and you must treat it like your most valuable asset. What are your priorities, where do you want to spend your time, and how will you enforce that?

TALENT: Often, a new Tax Executive's biggest regret is not quickly responding to talent challenges and opportunities. Great talent enables your success and empowers your effectiveness. Do you have the right skill sets and is your team effectively deployed?

RELATIONSHIPS: Tax Executives who proactively cultivate critical relationships find it easier to integrate tax planning with business strategy. Who are your important stakeholders, and how will you collaborate with them?

A Place Built to Facilitate Your Success

The Lab is a confidential environment where you can brainstorm issues, address questions and evaluate priorities that will impact your transition. In the Lab, you will explore time, talent, and relationships, and identify critical success factors in each area.
