

FAST/4

Helping enable clients to begin their SAP S/4HANA® Transformation on AWS Cloud

The need for a digital core

Shift to SAP S/4HANA

SAP S/4HANA is the future. Now you need to demonstrate that SAP S/4HANA has value for your organization and that it can be deployed with your internal pressures of cost efficiency and productivity

Digital Business Strategy

Technology capabilities should keep pace with evolving customer and business partners' behavior

Cloud Adoption

Scalability and agility are critical to accommodating the growing global economy and M&A activity, where many enterprise workloads are now shifting to the cloud

Accelerating your SAP S/4HANA Transformation Journey

Through the FAST/4 program powered by AWS and SAP, we are helping break down SAP S/4HANA adoptions barriers. FAST/4 provides a holistic value proposition for SAP S/4HANA-enabled transformation. You will have visibility into the business impacts, validated technical feasibility, and confirmed level of effort and complexity for the transformation journey for a fraction of the time and cost.

SAP S/4HANA is transformative. With any transformation, you need to understand the risks, business impact, and investment in time and resources

Move beyond a theoretical business case to one grounded in your true IT environment

Resolve risks and complications before you begin a migration

Get valuable feedback from your organization before you deploy SAP S/4HANA with a real system using your actual data

Collectively, we are dedicated to helping you realize value fast with condience: Test drive SAP S/4HANA with your production data in 5-8 weeks*

FAST/4 approach enabled by the AWS and SAP Relationship

PROVE

SAP Owners

Accelerate a test migration to SAP S/4HANA on the AWS Cloud via FAST/4

Identify potential risks and right-size estimates for cost and effort

EXPERIENCE

CIO sponsors and business leaders:
