

# Inclusion Lab

## Our Model for Inclusion

The talent landscape has transformed. It demands a **values-driven approach** to **unleash human potential**, driving business results.

Deloitte offers strategic guidance across six activators — all at the intersection of values and inclusion.

**This is not about trust falls and ice breakers...**

**...together, we inspire transformational activists.**

Driven with a design geared for breakthrough, intellectually robust content, and a consciously created environment, **Inclusion Labs** will jump-start immediate progress.

LABS ACCELERATE PROGRESS ACROSS ALL PHASES OF THE INCLUSION JOURNEY

## Unique Business Challenges, Customized Lab Experiences

The **LAB APPROACH** enables rapid ideation, prototyping, immersive learning, and alignment to the organization's D&I strategy, realizing business objectives.

**LAB** (noun)  
A highly immersive environment designed to spark innovation, advanced analytics, creativity, and play, that will rapidly accelerate strategy design.
