### Explore More Possibilities.

Deloitte invests in an expanding network of resources to help our Federal clients find new ways to innovate, scale, and enhance mission delivery.

- **Deloitte Center for Federal Innovation:** The Center offers an opportunity to experience 100+ field-tested solutions in real-world scenarios using the latest technologies, such as biometrics, fraud detection, and geospatial modeling.
- **Our "Executable Strategy" includes:**
  - Experience & Insights: We bring deep industry experience and insights to help our clients address their most complex business problems.
  - Analytical Rigor: We anchor our recommendations in rigorous, fact-based analysis. Bold Ideas: We repaint the "art of possible" through bold ideas
  - Anticipatory: We help our clients see the possibilities ahead and help equip them to make tough choices. Buy-in has already been achieved; implementation can proceed quickly.
  - Pragmatic: We bridge the gap between vision and execution
  - Relentless: We are relentless in helping our clients pursue tangible, significant, enduring value

### Focus on Results.

- #24 Washington Technology's Top 100 Federal contractors list (2013)
- Serving all 15 US Cabinet level agencies, all branches of the US Department of Defense, majority of Civilian and Intelligence agencies, and major government health care organizations
- 10 out of 25 of Deloitte's top clients are Federal agencies or departments
- 6,600 dedicated professionals, including 75 former senior government executives

### Connect with more ways to grow.

At Deloitte, we engage clients across a range of service areas, helping you bring your unique skills to every project while broadening your knowledge by working with experts in other areas.

- **Business Model Transformation.** Help federal agencies maximize operational effectiveness, elevate their quality of service delivery, and optimize mission outcomes.
- **Finance.** Support all aspects of government finance, including strategy, cost take-out, portfolio optimization, analytics, and financial operations
- **General Management.** Equip junior practitioners by developing core consulting skills and exposing them to a broad range of experiences across service lines and client segments.
- **Government Operations.** Focus on an organization's critical business and operational areas to provide our clients with complete life-cycle support
- **Strategy.** Focus on the needs of senior government management teams as they address fundamental decisions about mission, priority, and resource allocation.
- **Supply Chain Operations.** Improve the efficiency and effectiveness of government-related supply chains to meet new demands for lower costs and increased productivity in a competitive global environment.
