ConvergePROSPERITY™ BankingSuite

January 2022

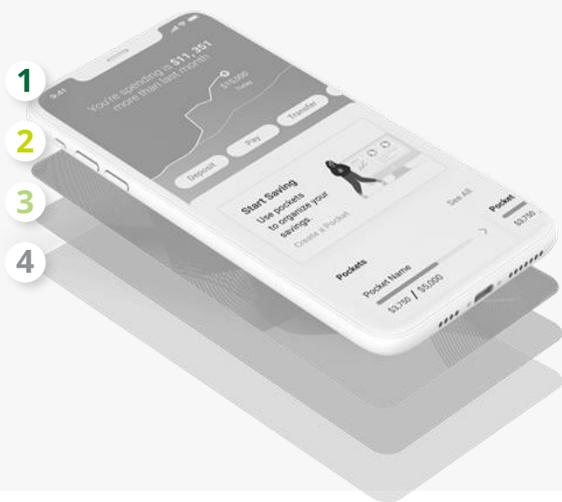

ConvergePROSPERITY™ BankingSuite

A next-gen cloud solution to innovate and power up to modern banking.

BankingSuite is a unified platform designed to help banks deliver innovative customer experiences, drive efficiencies, and bring products and services to market faster.

What is ConvergePROSPERITY™ BankingSuite?

BankingSuite allows regional banks to take advantage of the upside of the fintech ecosystem so they can rapidly design, provision, and deploy personalized propositions ahead of customer expectations. BankingSuite can stand alone or as an integrated extension of your bank's existing technology landscape, allowing you to scale, increase revenue, and grow market share.

1. Top-tier Experience Layer

Pre-defined low-code / no-code user flows accelerate delivery that you can tailor to differentiate your experience)

2. Deloitte Bank Fabric

A pre-built cloud integration layer connects you to the best of the fintech ecosystem, BIAN-aligned, and modern API orchestration patterns

3. Pre-configured Core

Banking functions and core transaction data via APIs help you deliver a unique set of experiences to your clients

4. Cloud Foundation

Our platform is scalable and compatible with major cloud providers, so you can unlock the value of cloud-first development and meet regulatory requirements

Why ConvergePROSPERITY™ BankingSuite?

Customer motivations and needs continue to evolve with expectations of a personalized, focused, and integrated experience. Using legacy tools and processes alone is not sufficient to provide the innovation, development, and deployment required. Deploying new products in a business-as-usual way can take years for new products and months for enhancements. Banks must respond with an effective strategy to address growing customers' expectations, emerging digital challengers, and evolving regulations.

What this means for you

Build on customer experience

Develop experiences that incorporate simple, intuitive design principles to answer the true motivations, behaviors, and needs of your clients

Accelerate speed to market

Launch new products and services into market with innovative pre-built experiences and pre-configured cores to fast-track implementation.

Reduce cost to serve

Drive new efficiencies as you reduce operational expenses, capital expenditure, and contractual obligations to grow in step with demand, making the most of your resources.

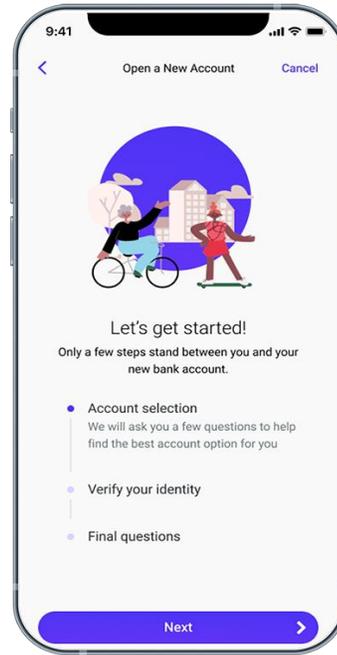

De-risk with confidence

Facilitate your successful journey from vision to reality by building on our time-tested foundation of pre-integrated, compliant technologies, security, and data-driven insights

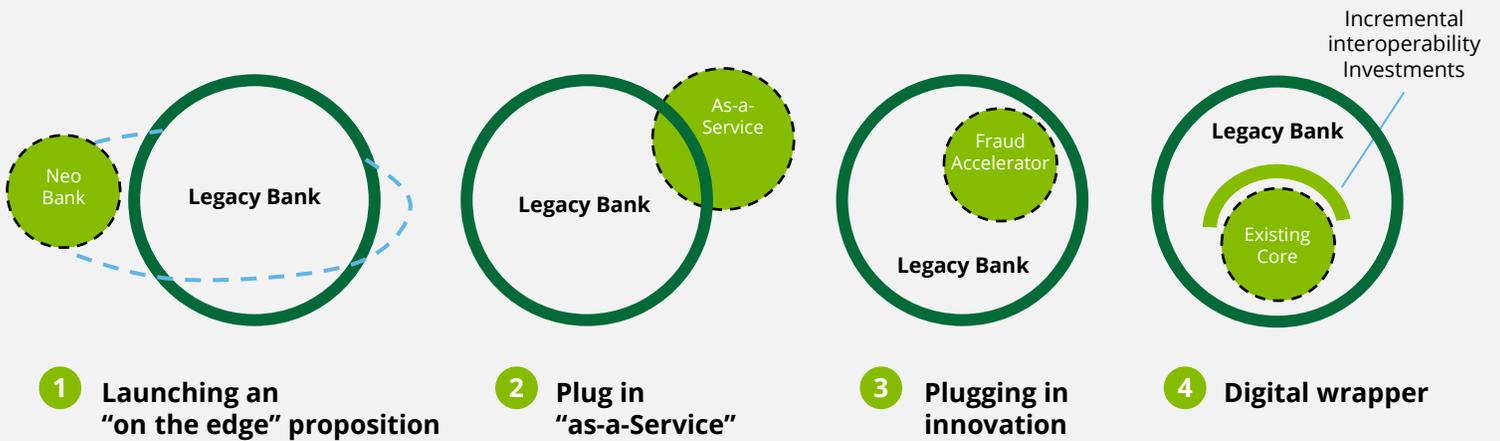

Assure successful innovation

Tap into our in-depth, global experience and capabilities to build on services and support your ongoing needs.

Launch your digital banking ambition

About ConvergePROSPERITY™

ConvergePROSPERITY™ is part of the Converge by Deloitte family of next-gen technology solutions. Converge combines a startup mentality—leading-edge technologies, the agility to adapt quickly, and a bias toward fresh thinking—with the advantages of an established firm with a rich understanding of complex regulatory issues.

Identified as a Leader in the Gartner® 2021 Magic Quadrant™ for Public Cloud IT Transformation Services, Deloitte is positioned highest for Ability to Execute and furthest for Completeness of Vision. This combined with leadership in Tax, Audit & Assurance, Consulting, and Public Cloud IT Transformation Services allows ConvergePROSPERITY to help clients reimagine their businesses and technology futures. We are the trusted partner committed to our clients' business and future growth. We continue to deliver measurable and sustainable results, building on more than 175 years of service to clients like you.
