Public Sector Offerings on Google Cloud

Deloitte helps Federal, State & Local, and Higher Education organizations advance their missions. As a Premier Partner with Google Cloud and Partner of the Year for six consecutive years, we think about the complex issues facing the public sector and develop relevant, timely, and sustainable solutions that can help accelerate project impact.

**Analytics and AI**
Unlocked and empowered.
Deloitte can help organizations unlock real-time insights that empower decision-making and accelerate innovation. We harness Google Cloud’s array of advanced data analytics, AI/ML and Generative AI tools to enhance insights while helping relieve constraints of scale, performance, and cost.

- **Health and Equity**
  - HealthPrism™
  - Biomedical & Clinical Data Science
- **Transportation**
  - Mobility Management
  - Tolling Analytics

**CortexAI for Government™**
Reusable code and building blocks for custom solutions including Generative AI, document insights, Edge AI, computer vision, ML OPs.

**Student Engagement**
Candidate360™

**Climate and Sustainability**
Electrified™
Google Earth Engine™

**Constituent Engagement**
Digital Experiences. Reimagined.
Deloitte leverages Google Cloud to provide next-generation digital engagement experiences that help organizations meet the pressures of reduced budgets, the need to retain and maximize satisfaction and productivity of a workforce, and ultimately build trust with the public by improving their experience with services.

- **Intelligent Chatbots**
- **Enterprise Search**
- **Intuitive Engagement**
- **Language Translation**

**Cyber Operations and Managed Services**
Security at the core.
Deloitte leverages Google Cloud’s portfolio of advanced technology to provide end-to-end cloud security solutions to accelerate large scale digital transformation journeys, increase efficiency of SOC modernization efforts, and ease implementation of zero trust security models to help organizations protect their data, users, and applications.

- **Secure Foundations Landing Zone, Standup & Migration**
- **Security Operations & Managed Services**
  - Predictive Analytics for Cyber in Enterprises (PACE™)
  - Managed Extended Detection and Response (MXDR) by Deloitte
- **Zero Trust**
- **Cyber Data Lakes**

**Application Modernization and Infrastructure Modernization**
Move at the pace of change.
Utilizing Google Cloud’s range of flexible and secure services, our application and infrastructure modernization capabilities assist an organization’s mission to plan and deploy a uniform hybrid or multi-cloud environment while also modernizing and consolidating IT infrastructure to improve agility and transform business operations.

- **SAP on GCP**
- **Human Services Transformation**
- **Hybrid Cloud Management**
- **Productivity & Collaboration Management**
- **Cloud Managed Services**
  - FedRAMP-ready hosting environment for client workloads
