2019 Deloitte AI Forum
Forge the future
November 4–5, 2019 | Deloitte University, Westlake, Texas

Humans with machines. Data with actions. You with your customers.

The power of “with” has never been greater. Join us at Deloitte’s 2019 AI Forum and discover how to craft competitive advantage through AI, pinpoint truths that improve decision-making, create strong connections with customers, and drive value across your business. Learn how humans with machines will forge a future that’s bold, creative, and powerful. The Age of With is here—and the potential is everywhere.

Look to the horizon.
See in all directions, anticipate what’s coming, and get into position for what’s ahead. Explore how AI, analytics, and automation can take your organization into a world of opportunity. Move beyond what you know and see, and seize the possibilities.

Make your move.
In the Age of With, humans with machines combine vision, intuition, and creativity with the power, flexibility, and scalability of machines. Learn how to put this amazing strength to work in every facet of your business, and take control of your future.

Who will attend
This exclusive, invitation-only event brings together executive leaders and innovative thinkers who are using AI, cognitive, and other technologies to upend their organizations’ business models to create exponential value. You’ll join:

Executive leaders interested in the power of AI to positively disrupt businesses and industries.
Senior business and functional leaders who envision using AI to dramatically alter the value equations in their organizations.
Technology leaders, luminaries, and academics who are working to embed AI throughout organizations with the latest technologies and strategies.

What to expect
Participants will engage in interactive sessions, immersive experiences, thought-provoking, conversation-stimulating breakout groups, networking opportunities, and much more. You’ll join analytics thought leaders and senior executives driving analytics strategy to network, share ideas and challenges, and explore a variety of topics:

Elements of positive disruption
How AI technology is disrupting business—and what you should do about it
Ways to capitalize on disruptive technologies—machine learning, blockchain, IoT, and more
Real stories from the front lines

In the words of previous attendees
“The variety of subject matter experts, mixed in with break-out sessions on specific applications of technology was great.”

“The opportunity to hear from some top-notch leaders and experts in the field. The networking was great. Good, pertinent content. Loved all the showcases at dinner.”

“I really enjoyed the insights given by many of the presenters. It is a great way to evaluate your own status and learn about what others face and how they got around common issues. It tells me how much more I need to push internally and exponentially.”

Planning, logistics, and costs
The event begins Monday, November 4 at 1 p.m. and concludes Tuesday, November 5 at 1:15 p.m. The tuition fee of $299 includes lodging and food at the Leadership Center at Deloitte University. Other travel expenses will be the responsibility of the attendee.
