

Next Generation CFO Academy I

Start ahead

Our Next Generation CFO Academy is a unique experience designed for finance executives who are nominated by their organization's corporate CFO. The Academy offers an experiential curriculum and unparalleled networking opportunities. Sessions are held semi-annually at Deloitte University, our leadership development center, in Westlake, Texas.

Early preparation is essential

Today's CFOs are far more than the support function they once were. Finance permeates every aspect of the business. CFOs are key decision makers—leaders in the organization who are held to high standards and are expected to set high standards. For new CFOs to successfully take the reins on Day One, early preparation is essential.

Build new relationships and skills for success

The Academy experience is framed around three pillars of CFO success: leadership, influence, and competence. Delivered over three days, the Academy curriculum is both intense and thorough—it provides executives with an opportunity for preparation, self-reflection, and hands-on scenario planning related to key aspects of the CFO agenda.

The faculty is uniquely positioned to deliver this curriculum. It is comprised of C-suite executives, analysts, ratings agency executives, authors, university professors, attorneys, and senior Deloitte partners.

The Academy is offered to our largest clients, which provides the participants with an opportunity to build meaningful relationships with peers from similarly-sized organizations across industries and geographies. This cohort lives on through Academy II sessions, which dig deeper into the CFO as a leader and an influencer to help participants become what we call the “model of confidence” for their organization.
