Take the digital approach to driving organizational change

**Insight. Precision. Impact.**

ChangeScout is a comprehensive, cloud-based organizational change management application that is designed to help you manage stakeholder relationships, align change impacts, plan interventions, and more.

The pace of change has accelerated exponentially in recent years. At the same time, stakeholders have grown to expect more targeted engagements via a multitude of channels. Leaders are demanding better insights into change progress. And change initiatives are increasingly being deployed on a global scale.

To address increasingly intricate and challenging initiatives, Deloitte equips our change management specialists with ChangeScout, a comprehensive, digital application designed to drive even the most complex change programs—from anywhere, on any device, in real time.

ChangeScout will be available to Deloitte clients in 2017. With ChangeScout, Deloitte will provide a robust set of organizational change management capabilities through an engaging user interface with dynamic reporting and dashboards, enabling deeper business insights and greater value.
