

State Medicaid programs: Map of expansion by state

This map depicts states' CMS-approved decisions on Medicaid expansion and a summary of the number of currently uninsured, Medicaid-eligible adults* per state. As of January 27, 2015, 28 states and the District of Columbia have chosen to expand their Medicaid program.

Legend:

Not expanding Medicaid program at this time	Expanding Medicaid program	Applied for alternate expansion plan *Not yet approved
---	----------------------------	---

Sources: The Advisory Board, "Where the states stand on Medicaid expansion", November 6, 2013; CMS (HealthCare.gov), "What if my state is not expanding Medicaid?", December 4, 2013; Kaiser Family Foundation, "Interactive: A State-by-State Look at How the Uninsured Fare Under the ACA", December 20, 2013
*Includes people eligible for Medicaid but not now enrolled, and additionally in states expanding Medicaid, those newly eligible under the ACA.

State Medicaid programs: Alternate expansion plans

Some states are implementing alternate Medicaid expansion plans utilizing their health insurance marketplaces; others added cost-sharing, health savings accounts (HSA), and other employment or wellness programs.

State	Details of expansion plan
Arkansas	<ul style="list-style-type: none">• Plan uses Medicaid funds to provide newly-eligible Medicaid beneficiaries with money to buy private insurance via Qualified Health Plans (QHP) on the state's HIX from 2014-2016• QHPs provide services in the state's Medicaid Alternative Benefit Plan• Coverage groups include newly-eligible Medicaid beneficiaries ages 19-64: parents between 17-138% of the federal poverty level (FPL); childless adults between 0-138% of the FPL• Wrap-around benefits are provided on a fee-for-service basis
Iowa	<ul style="list-style-type: none">• Plan uses Medicaid funds to provide newly-eligible Medicaid beneficiaries with money to buy private insurance via QHPs on the state's HIX from 2014-2018• QHPs provide services in the state's Medicaid Alternative Benefit Plan• New Medicaid beneficiaries earning at least 100% of the FPL are responsible for paying premiums of up to 2% of their annual income if they decline to participate in "healthy behaviors" (e.g., annual health assessment)• Coverage groups include newly eligible Medicaid beneficiaries ages 19-64: individuals between 101-138% of the FPL• With the exception of Early Periodic Screening, Diagnosis, and Treatment, wrap-around benefits are not be provided
Michigan	<ul style="list-style-type: none">• Expansion of the Healthy Michigan Medicaid program was approved from 2014-2018• Coverage groups include new enrollees with income between 100-133% of the FPL must contribute up to 2% of their income to a HSA• All beneficiaries are subject to cost-sharing requirements in the form of co-pays at varying levels

State Medicaid programs: Alternate expansion plans

Some states are implementing alternate Medicaid expansion plans utilizing their health insurance marketplaces; others added cost-sharing, health savings accounts (HSA), and other employment or wellness programs.

State	Details of expansion plan
Pennsylvania	<ul style="list-style-type: none"> • Plan uses Medicaid funds to provide newly-eligible Medicaid beneficiaries with money to buy private insurance via QHPs • Coverage groups include newly eligible Medicaid beneficiaries ages 21-65: up to 133% of the FPL; adult parents and caretaker relatives ages 21-65 years old with incomes 33-133% of the FPL • Unless exempt, all adults are required to pay a monthly premium, which will replace current program copayments; premiums will be set on an upward sliding scale of no more than \$25 (one adult) or \$35 (more than one adult) at the maximum threshold of 133% of the FPL; changes will be based on income or household composition, to be adjusted annually • Includes a voluntary, 1-year pilot program, <i>Encouraging Employment</i>, to encourage participation in job training and work opportunities; the program is not be a condition of eligibility and is available to all individuals age 18 and older • Wrap-around benefits are not be provided
Indiana	<ul style="list-style-type: none"> • Healthy Indiana Plan (HIP) 2.0 expands the original HIP to all non-disabled adults ages 19-64 with incomes under 133% of the FPL • Creates a defined contribution premium assistance plan that is optional • Offers members a Personal Wellness and Responsibility (POWER) account, which is similar to a health savings account, and offers enhanced benefits for individuals who make consistent payments to their POWER account <ul style="list-style-type: none"> • Contributions to the POWER account are conditional for eligibility for those with incomes above 100% FPL (HIP Plus), but not for those with lower incomes (HIP Basic) • Individuals may choose to participate in a work search and job training program
New Hampshire*	<ul style="list-style-type: none"> • Plan uses Medicaid funds to provide access to the health insurance premium payment (HIPP) program until December 31, 2016 • Coverage groups include newly-eligible Medicaid beneficiaries: adults who earn 0 to 133% of the FPL • The state's bill establishes a voluntary bridge program for those who wish to obtain coverage before the expansion program is approved; this temporary program allows eligible individuals to receive coverage through the federally-facilitated HIX or through a plan offered by one of the Medicaid managed care organizations approved by the state • The temporary program will terminate on March 31, 2015, the date by which New Hampshire expects to receive approval from CMS on its waiver application

*Not yet approved by the Centers for Medicare and Medicaid Services (CMS)
