China-Related Reports (其它中国相关报告)

The gyroscope in the fluctuated market of bulk commodity

This report provides suggestions to resource-intensive manufacturing companies (such as steel companies) as well as the majority of resources-trading enterprises on how to substantially enhance the enterprise's management capabilities in risk responding and resource allocation by applying risk quantification techniques; and organically integrate the risk management and risk quantification into the company's core operation via building the risk appetite system, and gradually realize the intelligent enterprise-wide risk management. (Deloitte China – June 2014)
