## Strategic insights

**Business challenge**
How can you use M&A to execute your strategy and transform the business?

<table>
<thead>
<tr>
<th>Digital- and analytics-enabled approach</th>
<th>Benefits</th>
</tr>
</thead>
</table>
| **M&A Strategy and Target Screening App**                       | • Models different scenarios and financial profiles for 100+ acquisition targets  
|                                                                | • Compares a target's performance and positioning against key competitors |
| **Doblin by Deloitte (Innovation)**                             | • Immerses strategic thinking in the Ten Types of Innovation  
|                                                                | • Develops avenues for Innovation Strategy (i.e., identification, definition, and implementation) |
| **Heat brand identity and advertising**                         | • Couples transformative technology with groundbreaking creative work  
|                                                                | • Streamlines execution by reducing the need to work with multiple agencies and consulting firms |

Leverages CapIQ and Deloitte proprietary data to support a business’ M&A strategy through potential target identification and evaluation.

Combines multiple perspectives, analytical rigor, and deep industry knowledge to help you foster growth, design new businesses, and drive transformation through the M&A process.

Connects the dots between strategy and marketing by applying data-driven analysis and insights, business and industry knowledge, and creativity.
## Total diligence

### Business challenge

How can you conduct diligence across financial, operational, and commercial dimensions that lead to more insightful decision making?

<table>
<thead>
<tr>
<th>Digital- and analytics-enabled approach</th>
<th>Benefits</th>
</tr>
</thead>
</table>
| **iDeal (Analytics-driven financial, operational and commercial diligence)** | Provides big-picture insights at a granular level using a combination of accelerators, processes, and techniques throughout the M&A lifecycle. | • Allows for the near real-time analysis of company value drivers  
• Enables users to dive deep in the numbers in order to make data-driven decisions  
• Accelerates the sales and purchase agreement process |
| **ValueD Valuation Insights** | Enables professionals across the globe to harness data to develop efficient, analytical insights. | • Facilitates creation of valuation reports in an automated manner  
• Enables visualization of insights of data (i.e., slicing and dicing of data) |
| **Disclosure Analytics Accelerator** | Research company financial disclosures, accounting policies, and other related filings quickly and flexibly. | • Quickly discerns example disclosures  
• Accesses the same information as EDGAR but in an easier, more focused search engine |
## Clean room in-a-box

**Business challenge**
How can you enhance value capture starting on Day 1 while working in a confidential environment?

<table>
<thead>
<tr>
<th>Digital- and analytics-enabled approach</th>
<th>Benefits</th>
</tr>
</thead>
</table>
| **M&A Growth Accelerator** Drives analysis and decisions around key factors that can help you achieve the growth potential in your deal. | • Accelerates growth synergy realization by harmonizing highest growth areas to appropriate sales/channels coverage  
• Enhances product, marketing and pricing performance through comparative analysis and integration/separation strategies |
| **D-ICE Intelligent Contract/Document Analyzer** Speeds M&A contract review to help identify potential contract-related risks, obligations, and opportunities earlier in the transaction lifecycle. | • Saves significant time on contract reviews using machine learning and automated indexing, etc.  
• Reduces contract-related risk |
| **Fuzzy Match and Predictive Cross-Sell** Illuminates potential synergies and new opportunities by identifying common customers, products, and suppliers across massive company data sets. | • Reduces merge time and improve accuracy of customer lists from weeks to days  
• Leverages predictive analytics to target potential customer segments, price bundling options |
| **Global Sourcing Insights** Rapidly analyzes, visualizes, and delivers actionable product sourcing synergy opportunities by enabling supply and market insights into the enhancement of the global sourcing footprint during M&A activities. | • Provides deeper insights for better execution with Deloitte’s proprietary databases  
• Accelerates insights to quickly drive enhanced value around sourcing initiatives |
| **Listening Post Social Media Monitoring** Analyzes public mentions from mainstream and social media sources using keywords to provide insights into sources of positive, neutral, or negative sentiment. | • Finds common pain points for customers  
• Helps identify how to multiply the positive sentiment  
• Develops suggestions for keeping shareholders engaged |
### Synergy optimization

#### Business challenge
How can you identify the largest synergy opportunities, both cost and growth, and develop a plan to capture them?

<table>
<thead>
<tr>
<th>Digital- and analytics-enabled approach</th>
<th>Benefits</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Cost and Growth Synergy Center of Excellence</strong></td>
<td>Provides a proprietary database of real-world deals that can help an organization understand synergy potential and guide initiatives that result from a transaction.</td>
</tr>
<tr>
<td><strong>Global Benchmarking Center</strong></td>
<td>Utilizes a proprietary database of more than 25,000 metrics from over 4,500 clients to understand key performance metrics that impact the success of your company’s M&amp;A strategy.</td>
</tr>
<tr>
<td><strong>Synergy Tracking and Reporting (STAR)</strong></td>
<td>Provides a customizable and detailed approach to planning, recording, and tracking synergies that can help achieve the anticipated value of your transaction.</td>
</tr>
<tr>
<td><strong>Robotic Process Automation for Data Conversions</strong></td>
<td>Automates the validation and migration of data to accelerate the exit of transitional services and reduce manual effort.</td>
</tr>
</tbody>
</table>
## NextGen merger integration

### Business challenge

How can you effectively manage a complex M&A program?

### Digital- and analytics-enabled approach

<table>
<thead>
<tr>
<th>Service</th>
<th>Description</th>
<th>Benefits</th>
</tr>
</thead>
</table>
| **M&A Central™**                             | Deloitte’s proprietary web-based M&A project management solution, which accelerates planning and realization of project value. | • Produces dynamic real-time executive dashboards  
• Consolidates top-down and bottom-up synergy plans |
| **Interdependency Accelerator**              | Extracts relevant interdependency data and helps you visualize and organize key steps in your transaction. | • Leverages graphical dependency builder for management and tracking of workplans  
• Fosters cross-functional collaboration and discussion by allowing the ability to drill-down to the milestone levels |
| **Digital Deal Room**                        | Provides a literal walkthrough of the M&A lifecycle to help you understand the process, accelerators, and other resources that can impact your success. | • Dives deep into case studies and business-specific challenges  
• Understands gaps in current M&A capabilities  
• Deploys remotely or from a fixed location |
| **Purchase Accounting and Reporting Services (PARSE)** | Automates purchase accounting in a controlled environment that allows for an accelerated audit prior to push-down accounting. | • Produces information that can be streamlined for entry into general ledger  
• Tracks ‘outside the scope’ valuation adjustments |
| **Day 1 Readiness Playbook**                 | Provides a web-based readiness “checklist” that can help your company avoid surprises and manage your transaction effectively while maintaining business continuity. | • Provides critical reporting to key stakeholders  
• Navigates potential risks and challenges  
• Breaks down siloes between functions |
## Divestiture & separation acceleration

**Business challenge**

How can you enhance the value of an asset by being a prepared seller?

<table>
<thead>
<tr>
<th>Digital- and analytics-enabled approach</th>
<th>Benefits</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Rapid Separation ePlaybook</strong></td>
<td>Uses data to understand the potential pitfalls and traps in a separation that should be accounted for and avoided.</td>
</tr>
<tr>
<td><strong>Financial Statement Carve-out Accelerator</strong></td>
<td>Fast-tracks the carve-out process through automation and structured documentation while reducing potential risk and overall transaction costs.</td>
</tr>
<tr>
<td><strong>Legal Entity Readiness</strong></td>
<td>Helps you efficiently operationalize new legal entities while ameliorating the complications and pitfalls involved in scoping and establishing legal entities.</td>
</tr>
<tr>
<td><strong>Transaction Service Agreement in-a-Box</strong></td>
<td>Identifies required TSAs and stand up activities to help accelerate your separation.</td>
</tr>
<tr>
<td><strong>Stranded Cost Benchmarking Database</strong></td>
<td>Allows company leadership to evaluate processes by stacking up against competitors to yield valuable insights.</td>
</tr>
</tbody>
</table>

- Establishes common goals for working teams and offers direction for providing transaction value
- Orchestrates an effective divestiture through a command and control program structure
- Enhances business continuity and develops executable Transition Service Agreements (TSAs)
- Assesses and documents the basis of presentation for revenue, expense, assets, and liabilities
- Provides financial statements, disclosure packages, and relevant documentation for review and delivery to the auditors
- Accelerates lead times for legal entity creation and operationalization impact of Step Plan
- Enables leadership alignment on shared IP, and separation and distribution agreement
- Allows coordination across interdependent functions (i.e., Legal, Tax, Treasury, and Controllership activities)
- Creates/verifies listing of shared services and TSAs requirements
- Assesses likely stranded costs post-TSA exit and consider options for elimination
- Defines TSA post-Day 1 governance model, change request process, and issue escalation approach
- Refines by process, geography, size, revenue, and other demographics to form relevant comparators
- Enables peer and cross-industry “apples to apples” comparisons regardless of a client’s organizational structure
## Organizational readiness

**Business challenge**
How can you develop an organizational structure to achieve the deal's objectives?

<table>
<thead>
<tr>
<th>Digital- and analytics-enabled approach</th>
<th>Benefits</th>
</tr>
</thead>
</table>
| **Organization Design Accelerator**    | Uses real data to drive decision making and synergy identification that can help you model future organization cost structures.  
  • Leverages organization data from HR Information Systems to do scenario-planning and synergy/cost analysis  
  • See multiple views of interim structures with spans and layers, total compensation, performance data, etc. |
| **CulturePath™ Employee Diagnostic**   | Assesses your organization based on eight distinct dimensions of organizational culture that impact business outcomes and provide insights for change management.  
  • Provides foundations for an impactful change management program aligned to business strategy and deal objectives  
  • Highlights the gaps between the current and desired state and misalignment of culture and strategy |
| **ConnectMe™ HR Portal**               | Delivers curated, deal-specific messaging via a cloud-based platform to engage employees and creates a personalized experience plan to facilitate a smooth transition.  
  • Reduces turnaround times with streamlined processes and a centralized repository for communications  
  • Gauges performance of HR services with more effective reporting and analytical enablers |
| **Greenhouse CXO Transition Labs**     | Prepares executives for the work ahead with engaging modules to analyze critical deal factors and identify and assess key priorities to develop a 180-day action plan.  
  • Develops priorities for new executive role  
  • Assesses resources and alignment with deal priorities |
M&A powered by cloud and alliances

Deloitte has deep-rooted alliances with leading technology companies to help accelerate value to be achieved in M&A. Our deep understanding of M&A strategic business drivers, coupled with our first-hand knowledge of how to utilize capabilities of leading technologies, allows Deloitte to help clients realize more transaction value faster than previously possible. Deloitte leads the market in bringing technological capabilities to help our clients solve their largest challenges.

**Cloud Suitability & Placement Diagnostic**
Assesses and guides strategic decisions on the suitability of application portfolios for the cloud.

**Cloud Value Calculator**
Helps IT executives develop a shared understanding of, and consensus around, the potential benefits of cloud.

**DigitalMIX™**
A one-stop-shop for strategy, digital processes, design, and technology. DigitalMIX pre-configured Cloud Platform is Deloitte Digital’s multi-solution portfolio of marketing, sales, service, analytics, CRM, order and billing management, financial management, and enterprise cloud-based services.

**ClearLight™**
Clearlight Analytics Platform is a pre-integrated set of accelerators designed to simplify the development and delivery of actionable analytics insights.

**NetSuite**
Deloitte’s NetSuite Alliance brings a broad strategic perspective to planning and execution for cloud implementations, offering a range of cloud services that can address both the business implications of cloud adoption and important technical issues.

**Oracle**
Oracle and Deloitte integrate an acquired entity into the parent company’s systems, processes, and culture by accelerating synergies and executing a well-defined technology solution strategy. The industry-specific Cloud solutions create opportunities to transform while you transact.

**SAP**
Deloitte and SAP offer a range of implementation, integration, and alignment services to optimize M&A transactions. As a result, you can leverage process improvement, technology innovation, and people programs to prepare for what’s next.

**Salesforce**
The Salesforce-Deloitte Alliance can help deliver the value potential on an acquisition with Cloud solutions that enable revenue and cost synergy, and effective change management.
Let’s talk.

Across borders and key phases of the deal, Deloitte demonstrates the agility and commitment to help clients respond to their challenges. Where flexibility meets focus, highly customized strategies become high-impact solutions.
