

The adoption of a factory based cloud migration structure allows organizations to conduct large scale migration to cloud in an efficient manner

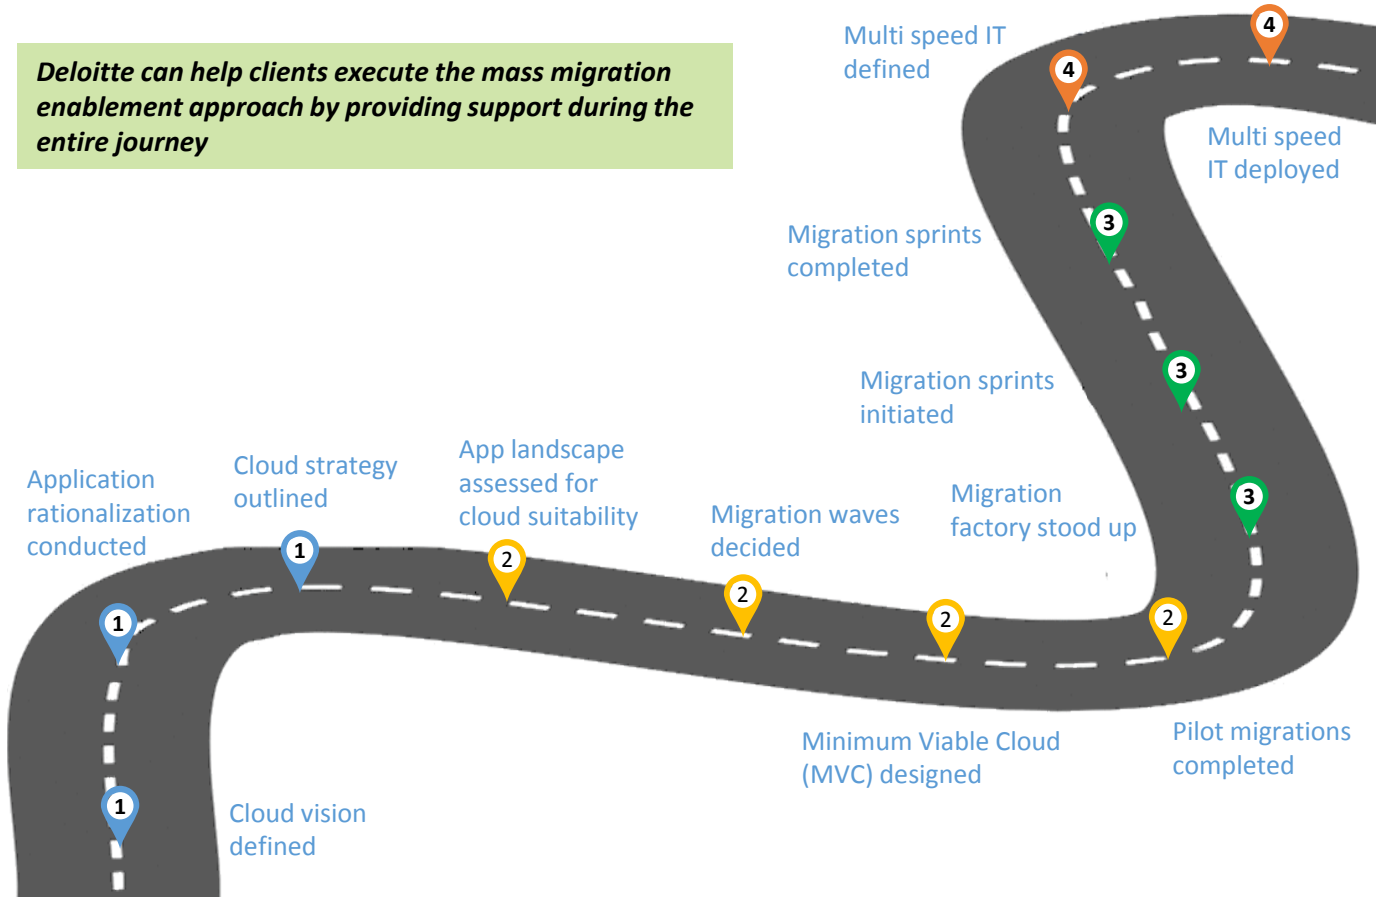

Cloud Adoption Journey- Overview

1 Phase 1	2 Phase 2	3 Phase 3	4 Phase 4
An organization wide cloud vision and strategy has been defined and signed-off with business units	Cloud suitable applications are identified and pilot migrations are completed based on a defined plan	Migration factory has been stood up and identified applications have been migrated to cloud	A multi speed IT operating model has been deployed to deliver services as per business demands

How Deloitte can Help

Deloitte can help clients execute the mass migration enablement approach by providing support during the entire journey
