

MyPath for Connected Care

Empowering patients with real-time connections to care teams.

Enhance the care journey with smarter communication and patient-data driven care coordination.

Patients at the center of care

Patients are at the center of an evolving healthcare ecosystem where virtual health has become essential to expanding access to care and helping to improve clinical outcomes, increase patient engagement, and reduce costs.

MyPath for Connected Care

MyPath for Connected Care by ConvergeHEALTH is a digital health patient care platform that connects patients and care teams to enable the future of care coordination and management.

Why MyPath for Connected Care:

- **Empowers patients** on their own health journeys with their own devices in an easy-to-use, interactive application, thanks to Apple's Health Kit
- **Establishes the foundation** of a connected ecosystem to support patients and care teams at every stage and setting
- **Designs continuous strategies** and builds capabilities that deploy patient-centered, virtual home care
- **Develops a robust health data** collection process with a focus on care plan management
- **Provides a holistic, personalized approach** to care plans

MyPath for Connected Care by ConvergeHEALTH delivers high-touch customer experience across channels.

The MyPath for Connected Care difference:

The future of virtual health are the connections it enables. Those connections take place via an enterprise-wide platform that links multiple capabilities and methodologies seamlessly to create a unified, holistic patient experience.

ConvergeHEALTH's MyPath for Connected Care solution builds on Deloitte's foundation of healthcare expertise, differentiated and impactful products and services, and industry-leading capabilities in customer experience design and data-driven personalization
