

# Outcomes of a Modernized Compliance Program

## Transformative change

Re-engineer core processes and automate the function to be more proactive and predictive. Modern enterprises need top-of-the-house strategies and reliance models.

## Flexibility

Rapidly able to scale up or down, ready to respond to imperative needs of the business, unexpected remediation, or changing regulatory landscape.

## Increased capacity

Re-engineer traditional resource models and allocation methods and use deployment of technology, analytics, managed services, and offshore resources to achieve highest and best use of resources.

## New competencies

Compliance professionals are elevated to true business partners and advisors.

## Cost reduction

Cost reduction opportunities exist by creating efficiencies and seeking ways to be more effective with increased capacity across the organization through use of tools, technology, and resource allocation.

## Enterprise-wide view of risk and compliance

From predicting to sensing, acting, and monitoring, the lines between these formerly separate realms are disappearing quickly.
