

# Outcomes of a Modernized Compliance Program

## Transformative change

Re-engineer core processes and automate the function to be more proactive and predictive. Modern enterprises need top-of-the-house strategies and reliance models.

## Flexibility

Rapidly able to scale up or down, ready to respond to imperative needs of the business, unexpected remediation, or changing regulatory landscape.

## Increased capacity

Re-engineer traditional resource models and allocation methods and use deployment of technology, analytics, managed services, and offshore resources to achieve highest and best use of resources.

## New competencies

Compliance professionals are elevated to true business partners and advisors.

## Potential Cost Reduction

Cost reduction opportunities exist by creating efficiencies and seeking ways to be more effective with increased capacity across the organization through use of tools, technology, and resource allocation.

## Enterprise-wide view of risk and compliance

From predicting to sensing, acting, and monitoring, the lines between these formerly separate realms are disappearing quickly.

## Less burdensome on the business

Increased efficiency and effectiveness reduces duplicative and burdensome compliance activities previously executed by the business
