

Case study: ExaLink Subscription

Client streamlines systems, processes, and reporting with ExaLink subscription services

Pricing and Contracting Solutions

Context

Pharma company desires a custom government pricing solution to address limitations within its existing technology

Outdated systems that lack flexibility and have minimal analytical capabilities

Needs a flexible approach that enables growth and reduces dependence on customization

Desires better insight into contract performance and informative analytics

Approach

Project managers, software engineers, and data integrators provide process and architecture design, integration, testing, and production assistance

Industry specialists provide training and methodology analysis and assistance

Vendor-agnostic technology platform leverages our pricing and contracting services

Results

The client has consistent processes for its commercial operations, driven by state-of-the-art technology, data security, and risk controls

Access to an experienced team of software developers, integrators, and industry specialists committed to collaboration and continuous improvement

Improved user experience with streamlined processes, reporting, and meaningful business insights
