

Deloitte.

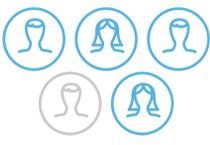

Today's employees are digital consumers. HR needs to become digital to meet their needs.

The workforce has evolved. Employees now expect experiences similar to what they've become accustomed to outside of the workplace.

56% of companies are **redesigning their HR programs** to leverage digital and mobile tools¹

Nearly **80%** of executives rated **employee experience** as important²

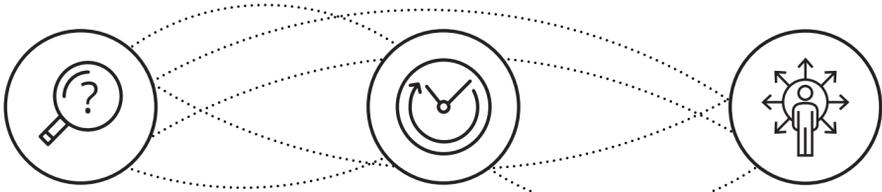

73% rated **Digital HR** as important/very important²

Only **22%** of executives reported that their companies were excellent at **building a differentiated employee experience**²

Fragmented systems and processes create frustration for employees and HR

Employees can't find the information to manage their careers or life events

Executing HR tasks are complex and time-consuming

Inundated with manual tasks, HR is unable to drive strategy

But what if you could...

Utilize insights to provide personalized content and experiences to each employee

Remove the need to navigate multiple HR systems

Promote collaboration and communication across the workforce

With ConnectMe™, you can establish a **digital workplace** that connects the workforce to what they need, when and where they need it.
