

# Preparing for VAT in the GCC

## Indirect Tax Survey 2017 – Volume 2

With the progressive implementation for Value Added Tax (VAT) in the Gulf Cooperation Council (GCC), Deloitte is running a regular pulse survey to gauge the level of knowledge of VAT within the GCC marketplace and to understand the preparations already underway to get ready for the introduction.

After launching the results of the first survey we ran in April, we summarize in this page the results of our May client survey which demonstrates the updated statistics on where businesses are today. There is a great deal to be done for every business to be able to achieve day one compliance. We believe that these results provide some interesting food for thought on the commencement of your implementation journey.

### Do you believe VAT will be introduced in the GCC?

### How well informed do you feel regarding reports of the introduction of VAT in the GCC states?

### Will your business be ready by 1 January 2018?

### Does the introduction of VAT concern you?
